SAYS HE LOANED FALL \$100,000

Edward L. Doheny, Lessee of Two Naval Reserves, Testifies in Senate Teapot Dome Inquiry

LOAN MADE "PERSONALLY"

Declares It Was Purely "Friendly Transaction" And Had Nothing To Do With Two Leases

(By United Press)

Washington, Jan. 24—Edward L. Doheny of Los Angeles, lessee of two naval reserves told the senate committee today that he loaned \$100,000 to former Secretary of the Interior Fall.

Doheny said the loan was made "personally" on November 31, 1921.

Doheny said it was purely a "friendly transaction" and had nothing to do with the two leases, he obtained from Fall.

Doheny made his statement in written form. He said he had not told of the loan previously because he had not been asked about it by the committee. Fall is due here sometime today.

Doheny was accompanied by Gavin McNab, his counsel.

Doheny came from New Orleans, having left there in advance of former Secretary of the Interior Fall who has been subpoenaed by the committee. Fall is due here sometime today.

Fall made the leases to Doheny as well as that of Teapot Dome to the Sinclair interest.

On hearing of Doheny's arrival, Senator Lenroot, Wisconsin, called a meeting of the senate public lands committee for 2 p. m. to hear Doheny's testimony. Doheny refused to discuss the statement he was to make to the committee. He said he knew nothing about Sinclair and that the leases under which he holds California reserve old leases were all right.

Fall probably will not arrive in Washington before late today or early tomorrow.

Senator Walsh, Montana, went to the Union Station today after Doheny arrived on his private car but said he did not see Doheny who was in seclusion in a hotel.

"I am satisfied Doheny will tell all the facts about the leases he is concerned in," Walsh said.

Senator Lenroot, chairman of the Public Lands committee, asked Walsh for a conference and the two went into Lenroot's office.

Fall and Colonel J. V. Zevely, Sinclair's Washington attorney are due in Washington at 10:20 tonight, according to a telegram received here from the train on which they are traveling. Both Fall and Zevely Continued on Page Six

PENSION FOR LOCAL BOY PROPOSED IN BILL

Provides For Payment of \$50 A Month To Robert O. Crim On Account of Loss of Both Hands

IN ACCIDENT AT CAMP KNOX

Senator James E. Watson has introduced a bill in the United States senate, known as Senate Bill 2067, providing for a pension of \$50 a month for Robert Owen Crim, son of Mr. and Mrs. Frank Crim of this city, who lost both hands in an accidental explosion of a bomb while a member of the Citizens' Military Training camp at Camp Knox, Kentucky, on August 27, 1922.

The bill was read twice and referred to the committee on pensions. John H. Kiplinger, commander of Rush post 150, of the American Legion, and adjutant of the Indiana department of the Legion, was instrumental in bringing the matter to the attention of Senator Watson.

Mr. Kiplinger attempted to have young Crim classified as a member of the military service so that he could receive treatment in a government hospital and have a chance to take up government educational work for disabled veterans, but failing in this, he asked Senator Watson to introduce the special pension bill, which will in all probability receive the approval of the senate.

Young Crim, along with other Rush county boys, was taking a period of student training in the Camp Knox when the accident happened.

PRINCIPALS MEET FRIDAY

Committee Visiting Hendricks County Schools Will Make Report

The Rush county high school principals will hold their regular monthly session here Friday afternoon at one o'clock, meeting in the office of Birney Farthing, county school superintendent.

Mr. Farthing will explain to them the observations that he made Wednesday in Hendricks county, where he and a delegation of township trustees visited, in the interest of music work in the schools, under one expert supervisor.

Miss Mary Sleeth, librarian, also will appear before the principals and discuss plans for a circulating library which is favored by the township trustees.

NINTH JUDGE IS NAMED FOR CASE

Thomas E. Davidson of Greensburg Selected to Hear Herkless Damage Suit Against City

IN COURT FIFTEEN YEARS

No Decision Returned in Injunction Suit of Capitola G. Dill Against Street Paving

The oldest case on record in the circuit court, in which Arvel Herkless is plaintiff and against the City of Rushville, a damage suit demanding \$3,000 judgment, has a new judge today to try the cause, and incidentally the new judge is the ninth to be selected. The attorneys decided upon the appointment of Thomas E. Davidson, an attorney of Greensburg.

Several weeks ago when Judge Gause of Newcastle relinquished jurisdiction on account of his appointment to the Supreme court, it was necessary to name a new judge, and a list of three was submitted.

Those three jurors were Fremont Miller, judge of the Johnson circuit court; Judge Robert Murray, judge of the Delaware superior court, and the Greensburg attorney, who was selected today to try the cause.

The damage suit against the city involves the Arthur street improvement, and dates back 15 years. During that time the case has been in court and before many judges, but has never been completely decided. During the World War trouble was experienced in obtaining a judge, and several judges declined the appointment.

The Greensburg attorney, although selected, may refuse to try the case, and in this event it will require another list to pick from as triers.

Court business is nearing a completion for the November term, and the records are being closed out this week as the term ends Saturday. Next week will be vacation in court, and the February term begins February 4.

A court matter was heard this morning in which Walter E. Smith was given judgment against John A. Spurrier, the complaint being to foreclose on a chattel mortgage. The judgment was for \$403.04 and the foreclosure ordered.

No decision has been made in the case of Capitola G. Dill against the City of Rushville, an injunction suit, following the completion of the evidence, and which is under advisement by the court.

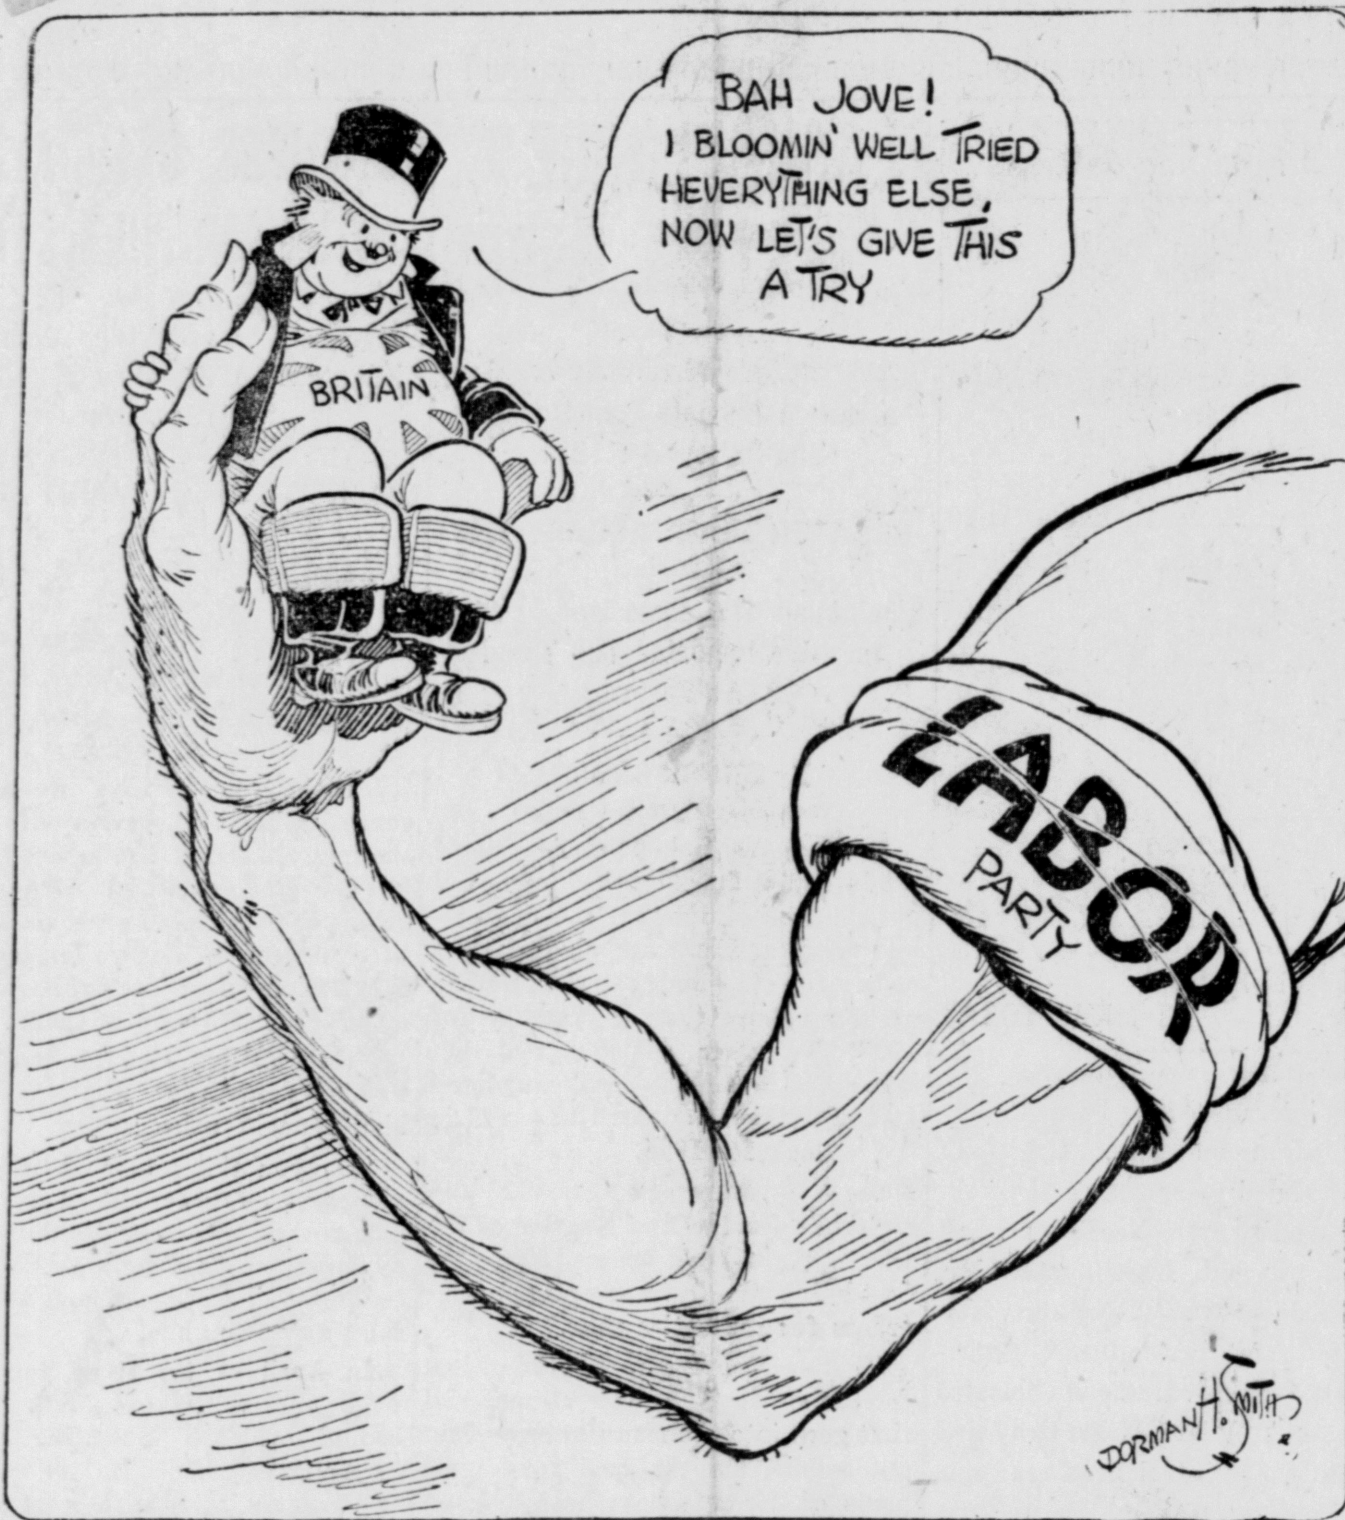

INSTITUTE SET FOR SATURDAY

Meeting Will be Combined With One Postponed Two Weeks Ago

The regular teacher's institute will be held Saturday at the court house, it was announced today, and this session will be a double program, including the session of two weeks ago which was postponed on account of the furnace trouble in the court house.

Two sessions will be combined in one, and all teachers in the county are urged to attend the important meeting. The regular instructors will be here for their classes.

IN NEW HANDS

CHARGES TARGET OF M'CRAY FORCES

Governor's Attorneys Attack Legality of Indictments in Hearing on Motion to Quash

AN OMNIBUS INDICTMENT

Federal Grand Jury Expected to Begin Investigation of McCray's Affairs February 11

(By United Press)

Indianapolis, Ind., Jan. 24—Legality of the indictments against Governor McCray was attacked by his attorneys in the hearing today in a motion to quash the indictment before Judge Collins in criminal court.

Michael Ryan, one of McCray's attorneys, described the forgery indictment as an omnibus indictment and declared it contained charges of separate crimes, each count being given to a separate alleged act of forgery.

The state law forbids trial on an indictment containing charges of separate crimes, Ryan said.

Clarence W. Nichols, special prosecutor, contended there were numerous court decisions that separate charges of a like crime may be joined in one indictment.

McCray's corps of legal defenders, headed by James W. Noel, contended that the indictments were improperly drawn and that many of the facts set forth in the instruments were hazy and of questionable value.

Clarence W. Nichols, special prosecutor, regards the indictments as proof against the legal attack of McCray's attorneys.

Judge Collins has indicated he will rule on the motion at an early date. The federal grand jury is expected to begin an investigation of the financial affairs of Governor McCray at the session starting Feb. 11.

Although Homer Elliott, United States district attorney, refused to say definitely whether McCray's case would be investigated then, the report from Fort Wayne that the Lincoln National Bank had been summoned to send a representative to appear before the grand jury was taken as a direct confirmation of reports that the federal probe was ordered.

The investigation is expected to reveal whether there was any violation of the postal laws in statements issued by McCray relative to his financial condition.

Postoffice inspectors have been making a preliminary investigation for some time.

You May Get Chilly Answer If You Call Telephone Girl

If you should chance to get a chilly answer when you call long distance or "trouble" at the Rushville telephone office, don't get angry—because there's a reason.

The telephone operators are draped in furs and wraps and when they can snatch a moment away from the switch board, they are huddled around the small gas radiator that has been set up in the operators' room.

It's all because a section of the boiler in the telephone building heating plant "went out" Wednesday. With it went the fire and the heat. Company employees went to Indianapolis for repairs, returning home late in the afternoon.

Repairs were made and a fire started and it was then discovered that two other sections of the boiler were leaking. Repairs for them were brought back late last night and it was hoped that there would be heat in the building by night.

FARMERS OF POSEY ENTERTAINED TODAY

Representative Men of Township Are Guests of Kiwanis Club at Noon Luncheon

A. L. GARY THEIR SPOKESMAN

The Kiwanis Club today at their noon luncheon entertained the representative farmers from Posey township, resuming the program of entertaining the township delegations which was inaugurated last year by the club, and ten guests were present for the meeting.

A. L. Gary, although a resident of this city, was with the Posey township delegation, and acted as spokesman for them. Paul T. Allen extended the address of welcome to the visitors and Mr. Gary responded, and introduced each guest, and called attention to the fact that practically every Posey township visitor was a descendant from a pioneer settler of the community.

The guests from the township today were A. C. Lee, Thomas Byer, John Stark, Walter Draper, R. Y. Jordan, W. V. Nelson, Zeno Hodge, Floyd Woods and J. P. Downey.

Other guests today were H. S. Davis, a Kiwanian of Knightstown, Earl Ward of Indianapolis and A. P. Waggoner of this city.

HECKLING MARKS MINERS MEETING

Charges of "Railroading" Resolutions Practically Block Transaction of Business

RADICALS MUSTER FORCES

Attack Report of Credentials Committee And the Work of The Resolutions Committee

Indianapolis, Jan. 24—Constant heckling of speakers and charges of "railroading" resolutions practically blocked transaction of business at the United Mine Workers convention today.

The radicals, voted down twice yesterday, mustered their forces in an attack on the report of the credentials committee and on the work of the resolutions committee.

Amid hoots and cries of derision, from the radical wing, the delegates approved the action of the credentials committee in unseating Joseph Chicilini, of District No. 4, Pennsylvania because he belonged to a dual organization. The vote was 866 to sustain the committee by a narrow margin.

The resolution demanded that all measures be read as presented, and charged that "injustice was being done the rank and file by revising resolutions to read differently.

By GERALD P. OVERTON
(U. P. Staff Correspondent)

Indianapolis, Ind., Jan. 24—Proposals for the new working contract for bituminous miners were under consideration today by the scales committee of the United Mine Workers' convention.

The committee at its first meeting last night sent over resolutions dealing with the new contract.

THREE IN AUTO CRASH

Automobile Topples Over Embankment Near Kansas City

Kansas City, Kansas, Jan. 24—Three persons were killed when their automobile crashed over an embankment near here last night.

The dead:

Captain Robert T. Hayes, 28, quartermaster at Fort Leavenworth, Mrs. Ethel Broadhurst, 37, wife of Major Hugh Broadhurst, of Fort Leavenworth.

Mary Jane Broadhurst, 12, her daughter.

TO GIVE A LINCOLN MEDAL

Large Bronze Prize Offered For Best Lincoln Essay

A large bronze medal, with Abraham Lincoln's picture engraved on one side, will be given to a pupil in the Rushville city schools for the best essay on the martyred president, it was announced today by the Illinois Watch Company of Springfield, Ill., and the medal, which is a handsome piece of jewelry, enclosed in a plush case is on view in the window at the Kennard Jewelry store.

The name of the winner will be engraved on one side where a space for that purpose is provided. The details for the essay contest will be announced in a few days in the local schools.

ODD FELLOWS HERE TO HONOR OFFICERS

Tri-County Session Opens And Work In Three Degrees Was to Be Given

VISITORS TO BE ENTERTAINED

Odd Fellows from Fayette, Henry and Rush counties were arriving this afternoon to attend the Tri-county encampment of that order, and it was expected that by tonight, every lodge in these three counties would be well represented.

The meeting here today was in the nature of a celebration for each county, as the three highest offices in the state are held by men from these counties. The program began at 2:30 this afternoon when the Patriarchal degree was conferred on a large class, numbering near 30 candidates, and this work was in charge of the Knightstown lodge.

The Connersville staff also was scheduled to have charge of the Golden Rule degree. Supper for the visiting delegations is to be served at the Christian church tonight.

The Arlington staff will confer work tonight and the honored officers will be presented and make short talks. Those honored at the meeting by the three counties are Frank McIlwain, Grand Patriarch, Rushville; Joseph V. Painter, Grand Senior Warden, Middletown; Earl Lines, Grand High Priest, Connersville.

The delegation from Connersville arrived at two o'clock this afternoon on a special I & C. traction car.

VETERAN COBBLER EXPIRES SUDDENLY

William H. Hedges, 80, Formerly of Rushville, Dies of Heart Disease In Indianapolis

LEFT HERE 32 YEARS AGO

William H. Hedges, familiarly known in Indianapolis to a wide circle of friends as "Pop," but more generally known in Rushville, where he formerly lived, as "Billie," died Wednesday afternoon suddenly of heart disease at the home of his daughter, Mrs. Willa Annis, 3729 North Illinois street, Indianapolis.

The deceased has been engaged for a number of years as a builder of odd sized and metal tipped shoes in a shop upstairs opposite the Terminal Traction station in Indianapolis. He was a shoe cobbler while a resident of this city and is remembered by many older residents of Rushville.

Mr. Hedges was 80 years of age. He was born in Maysville, Ky. He was a soldier of the 83d Ohio volunteers and saw active service throughout the four years of the civil war. He was a pioneer shoe builder and worked at his trade for more than fifty-five years. He went to Indianapolis to live thirty-two years ago. He was a member of the Gordon post of the G. A. R.

Mr. Hedges is survived by a daughter, Mrs. Florence Swieher, Cleveland, O., and another daughter, Mrs. Willa Annis, Indianapolis. Burial will be in Crown Hill, but the time of the funeral will not be set until word is received from the daughter in Ohio.

INSTITUTE HELD AT MAYS TODAY

Most Elaborate Program of Week's Meetings is Followed, With Long List of Awards

ORANGE HAS GOOD CROWDS

New Officers Are Elected For Men's and Women's Sections—Milroy Institute is Next

Activities in connection with the township institutes, that are being held in Rush county this week, centered today at Mays, where Center township farmers gathered at the opera house for an all day session, following a program Wednesday night which officially opened the institute.

The Mays institute is regarded as one of the best in the county. The most extensive premium list of any in the county is offered at this institute and the judges were busy all day awarding the prizes in the boys' corn judging contest men's corn, wheat, potato and apple classes and in the ladies' department, where prizes were offered for many varieties of bread and cake, and on butter, eggs, pie and doughnuts. There was also a judging contest for girls eighteen years old and younger.

Good crowds featured the annual Orange township institute, which was held Wednesday at the Big Flatrock Christian church, and which closed with the election of officers late in the afternoon. Addresses by Mrs. William Goldsmith of Spencer, Ind., and F. L. Kem of Marion, Ind., were very much appreciated. Musical numbers also helped to make the programs more enjoyable.

Robert Campbell was elected president of the institute; Claude Sullivan vice-president, and J. T. Thrall, secretary-treasurer. Mrs. Claude Sullivan was elected president of the ladies' department of the institute; Mrs. Bertha Phillips, vice-president; and Mrs. Robert Campbell, secretary.

The Mays institute opened Wednesday evening at 7:30 o'clock with music by the orchestra, following the invocation. Other numbers were: Reading, Mary Elizabeth Bowles; whistling solo, Avis Scott; reading Mary Katherine Huddleson; music by a mixed quartet; reading, Mrs. T. L. Beher; motion pictures.

Other numbers on the program today were: Reading, Miss Frances Benner; music by the male quartet, address, "Who Should Farm and Who Should Not Farm," F. L. Kem; vocal solo, Mrs. Ewart Collins; "Economy, Efficiency and Enjoyment in the Home," Mrs. William Goldsmith; appointment of committees, followed Continued on Page Two

FAMILY SUNDAY TO BE OBSERVED AT MANILLA

Fine Bible Will be Given to Family Having Largest Attendance at Methodist Church

REVIVAL IS IN PROGRESS

The Manilla Methodist church is making big preparations for their services Sunday, which will be held in connection with the revival services that have been held there for three weeks. "Family Sunday" will be observed Sunday, and an effort is being made to have the entire family of each church member present for the meeting.

A fine Bible will be given to the largest family present at the Sunday services, which will begin at the morning worship hour. The afternoon services will be devoted to an old fashioned "Love Feast" at which bread and water will be served. This will be followed by the Epworth League, which will hold open house, with a program and light refreshments.

The three weeks services have been highly successful, according to the minister, the Rev. O. E. Haley, who has charge of the preaching, and he is being assisted by the Rev. Herbert Bassett of Moores Hill, who also is the chorister.

In all probability the services will continue throughout next week, depending upon the outlook of the weather.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep right. Try them. 15c and 30c.

INSTITUTE HELD AT MAYS TODAY

Continued From Page One
by noon intermission and lunch.

This afternoon Mrs. Goldsmith was scheduled to speak on the subject, "Meeting the Needs of Our Farm Boys and Girls", and Mr. Ken's subject was "Meeting New Conditions in Agriculture." Entertainment for this afternoon consisted of a reading by Mrs. Helen Gray and a violin trio by Steel Brothers and A. K. Peters.

Institute activities will be transferred to Milroy Friday and the speakers on the program will be Mrs. W. C. Roberts and William Madigan. The same speakers will be at the joint institute for Richland and Noble townships at New Salem Saturday. Entertainment has been provided for both institutes.

PLACING LARGE STEEL ORDER

Orders of Auto Manufacturers Sufficient to Indicate Confidence in The Outlook for 1924

GREATER THAN JANUARY 1923

Elimination of Concessions in Steel Industry Indicated The Trend in All Business

By BRUCE SHORT

(Written for United Press)

Indianapolis, Ind., Jan. 24—One of the brightest stars on the industrial horizon is the fact that the automobile manufacturers are placing their orders for steel and materials now in greater volume than in January of 1923. The increase is not great, but it is sufficient to indicate a confidence on the part of the manufacturers in the outlook for 1924.

Some have ordered their steel and materials for the first quarter of the year. Others have ordered for the first half and a few have placed their orders for the entire year.

This does not mean that the orders for the entire year cover all material that goes into the manufacture of an automobile, but material for some parts of the cars have been ordered for a three month or six month production.

Those manufacturers who have ordered for some months in advance have taken advantage of concessions in price that are always prevalent at this time of the year. The concessions have been principally from the independent mills and as soon as the producers have sufficient tonnage on their books, the concessions will be wiped out and the price will be quoted in line with the corporation prices. In effect this amounts to an increase in steel prices although technically it is a case of holding to the published price quotations.

Elimination of the concessions in the steel industry indicates the trend in all business. In many lines of business the prices will be reduced to the consumer, but this will take place only where the margin of profit has been too large and keep competition forces a price out.

Automobile prices have already been reduced. Other lines of endeavor will follow this same course, but the price reduction will be due to a lower margin of profit rather than a reduction in the price of steel or other basic commodities entering into their production.

WESLEY M. E. REVIVAL

The Rev. F. R. Arnold preached Wednesday night at the Wesley M. E. church, from the text, Revelations, 3:20, the topic being "Behold I stand at the door and knock; if any man hear my voice, and open the door, I will come in to him, and will sup with him, and he with me."

There are three things of interest here, commented the Rev. Mr. Arnold. "They are, first, Christ asks for admission; second, the door opened, and thirdly, His entrance and a great feast. What is the door? It is the closed heart of man. Who is it that knocks? It is an exalted Christ. What does He desire? Entrance. What are His knocking? All the providences, the direct invitation of His written or spoken word, in brief, what ever sway our hearts to yield to Him and enshrine Him." The speakers subject tonight will be, "Unshut Gates." The public is invited to attend these services.

CONGRESS TODAY

Agricultural committee considers McNary-Haugen farm relief bill.

CONFUSES OFFICIALS WITH ANOTHER STORY

Warren J. Lincoln, Who Confessed Killing His Wife, Now Says That She Is Alive

STICKS TO STORY ABOUT SHOUP

(By United Press)

Aurora, Ill., Jan. 24—Warren J. Lincoln, recent attorney-gardner and distant kinsman of Abraham Lincoln, today confused authorities with a new and different story.

Lincoln who several weeks ago confessed his killing his wife after she had murdered Byron Shoup, her brother and admitted burning the bodies of both in his greenhouse furnace now says his confession is a fabrication—now says his wife is alive but that Shoup is dead.

Extending his slender hands towards detectives who questioned him, Lincoln asked:

"Do you think those hands ever did hurt? I never killed anyone."

Lincoln's wife and brother-in-law disappeared in January 1923. At that time he told neighbors they had run away from him.

In April of the same year, Lincoln himself disappeared, leaving behind evidence indicating he had been murdered. He re-appeared two months later with a story that he had been kidnapped and drugged by his wife and Shoup.

BUYS FARM IN CENTER

Rolla Grocox has sold his farm in Shelby county consisting of eighty acres for \$15,000 and has purchased a farm in Center township this county.

11-MONTHS-OLD CHILD DIES

Daughter of Mr. and Mrs. Guy Morgan, South of Richland Expires

Mary Florence Morgan, eleven months old daughter of Mr. and Mrs. Guy Morgan, living south of Richland, died this morning about 9 o'clock, death resulting from whooping cough and pneumonia. The child is survived by the parents, 5 brothers and 4 sisters. The other children and the mother are suffering with whooping cough, and one other child age two, is in a serious condition.

The funeral services will be private, Saturday morning at 10 o'clock at the residence, in charge of the Rev. Mr. Pickett, and burial will be made in the Presbyterian cemetery near Richland.

FOUR ON TACOMA KILLED

Washington, Jan. 24—Capt. H. S. Sparrow and three men aboard the ill-fated cruiser Tacoma, were killed by heavy wreckage as they stood on the main deck of the ship shortly after daybreak on January 21, a report from John Wood, American consul at Vera Cruz received at the navy department here stated.

Bronchitis in This Case Cut Indurance in Half

CHIROPRACTIC HEALTH TALK — No. 50

By H. V. McCully, D. C., Ph. C.

A gymnasium instructor became exhausted and caught cold. The cold was neglected and it became a chronic bronchitis with cough. In the gymnasium was an apparatus for measuring lung capacity. This athlete had readily run the register of cubic inches to 350. But while suffering with bronchitis this capacity was reduced to 175 cubic inches. Bronchitis had cut the natural endurance and breathing ability in half. The Chiropractor ordered complete rest along with adjustments, and recovery followed.

The catarrhal discharge from the bronchial tissue had so filled the breathing space that the lungs were cut half of their normal capacity. When normal carrying capacity of the nerve lines to the bronchial region was restored by adjustments, the natural vigor of the tissues soon cleared the condition.

Cronchial Health Is Restored Again

"My bronchial tubes were badly affected. There was pain and tightness when I coughed. Before trying Chiropractic I had been under the care of physicians from coast to coast. I was advised to have my tonsils removed, but am glad I didn't as it proved to be unnecessary. Under Chiropractic my condition gradually cleared, and I am writing this to express my gratitude for relief I could have enjoyed in no other way." — Mrs. David H. Forbes. Chiropractic Research Bureau, Statement No. 1381F.

THURSDAY, JANUARY 24, 1924

When thou passest through the waters, I will be with thee; and through the rivers, they shall not overflow thee; when thou walkest through the fire thou shalt not be burned; neither shall the flame kindle upon thee.—Isaiah 43: 2.

A World Flight

So rapid and spectacular has been the development of American aviation lately, under the stimulus of governmental encouragement, that it is hardly surprising to hear of the War Department's plan for a world-circling flight next spring.

Five planes of a new type will be used in this venture, if the recommendations of Maj. Gen. Patrick of the Army Air Service are carried out. He is sure they are capable of the trip, and "expects every one of the planes to make a perfect record."

The proposed route is westward, across the continent and north to Alaska then across Bering Strait and down the coast of Asia, from island to island, until India is reached, thence to Persia, back northward to Scandinavia, over the Atlantic to Greenland and south to the starting place.

The new planes are said to be capable of continuous flights of 2,000 miles without refueling, and the longest "hop" over water need not be more than 1,000 miles. That makes the plan look feasible even if some of the planes do fail of a "perfect record", provided care is taken to have supplies of fuel and oil and facilities for repair and replacement of parts at every important stopping place.

This would be a logical following up of the flight across the Atlantic successfully undertaken by the United States Navy a couple of years ago with a seaplane.

Such efforts serve admirably to promote the general progress of aviation, while adding to the fighting efficiency of our air service. It is a kind of pioneering in which the government may well engage quite aside from its military value, because of the immense utility possible in this field for purposes of peace.

An Example to Follow

Little Cuba has set an example.

Children's Colds

Better treated without dosing

Apply Vicks to throat and chest. A warm glow follows. Medicated Vapors are inhaled for hours after—Camphor, Menthol, Eucalyptus and Turpentine! It breaks the congestion. This outside treatment is just as good for all the cold troubles of all the family.

VICKS VAPORUB
Over 17 Million Jars Used Yearly

that countries on the other side of the Atlantic might try to follow instead of devoting their energies to stirring up another conflict.

Cuba paid off the \$10,000,000 she owed Uncle Sam, with interest. This is a small sum compared with what any other nation owes, but the amount counts little. It is the spirit that the little island government has shown.

No other nation, except England, has exhibited any signs of acting like they would settle, and there is still a small minority in this country that has the timidity to mention cancellation of the war debts owed to United States.

More than seven billions of dollars owed to us by countries, which we befriended in time of stress, and no sign of payment more than five years after the war ended.

A very small part of this amount would solve the soldier's bonus problem and make federal tax reduction a simple case in mathematics.

Do you agree with international bankers that we should "forget" the loans in order to "take our place in world affairs?"

Do you want to "buy bonds till it hurts" again to finance European quarrels?

One experience like this ought to be enough.

Denby plans to send the airship Shenandoah to the North Pole next spring. Can't go now because the North Pole is in the United States.

Men's spring straw lid brims are so wide a few fit a street car and only nine make a dozen.

Spending the winter in Africa will remove goose pimples.

"Jazz is like measles," says Kentucky University music head. But it is much more catchy.

Adding tabasco sauce to the coffee will keep it hot.

Don't let your husband or furnace go out on a chilly night.

French fighters have been ordered not to kiss at the end of a fight. All danger is being taken out of the boxing game.

Many of New York's theatrical productions fail because they have no show.

Tax dodging or auto dodging keeps most of us up in the air.

It must be awful to feel grouchy and have nothing to kick about.

From The Provinces

He's Never Free With Speech

(Pittsburg Gazette-Times)

While it is alleged that free speech often is suppressed in America, whatever the situation may be it does not discommode President Coolidge a particle.

An Endless Chain Job, Eh?

(New York Tribune)

Perhaps after General Butler drives all the Philadelphia crooks across the river to Camden he can get a job there driving them back.

Not Even Interesting if True

(Houston Post)

Now it is announced that Mr. Bryan will place in nomination a Florida man for the Presidency. But who cares, anyway?

Zero is Praise

(Detroit News)

Those who have studied the Bok peace plan have decided that it can not make matters any worse.

His Must Have Awful Liver

(Chicago News)

Not for a long time has Hiram Johnson done a thing but view with alarm.

Much Ado About Nothing

(Macon Telegraph)

As a nine days' sensation the Bok Peace Plan lasted about nine minutes.

It's "Gangway" For 'Em in Philly

(Philadelphia Record)

It doesn't seem to be necessary to tell anything to the Marines.

He's Always The Goat

(Greenville Piedmont)

The ultimate consumer is the one who cannot pass the buck.

WOUNDED

The great dirigible Shenandoah, photographed in her hangar at Lakehurst, N. J., after a wild ride on the crest of a 70-mile-an-hour gale. The nose of the ship was torn off, and a great rip made in her side. An inquiry will determine the cause of the accident.

The Hodge - Podge

By a Paraphraser with a Soul

Golden opportunities generally are found in clouds with golden linings.

Cuba is small but mighty, as evidenced by the way she pays her debts.

Good looks and good manners should be twins, but they don't always go together.

Can't blame Uncle Sam for not recognizing Russia when she doesn't recognize her financial obligations.

The battle to reduce taxes will surely have the support of everyone who can read and figure.

Trying to impart knowledge to the fellow who knows it all is lost energy because he can't absorb it.

A boaster is all right, so long as he sticks to his home town.

Many a dull man is not so dull if bright enough to keep still.

Failure to reduce taxes may result in the use of axes by voters to chop off a few congressional heads.

Skirts will be shorter this spring—and necks will be longer.

SAFETY SAM

Winter's th' season when, if a feller don't watch his footin', he's liable to work up th' rep. o' bein' a fall guy!

LARGE MONEY FLOW IN PROSPECT FOR INDIANA

Indianapolis, Jan. 24—A large money flow is in prospect for Indiana this year, C. O. Yost, state apiarist, predicted today.

Yost based his forecast on reports from throughout the state that the clover plants were more hardy and had stored more plant food during the long growing period last fall than in about eight years.

The cold has not affected the clover plants so far, he said. The time most to be feared is the freezing and thawing season of February and March, which, he said, may have some effect up on the crop.

Plants are sometimes weakened by the freezing and thawing, partially ejecting the plant roots from the ground, Yost declared. However, he said, little fear need be felt on this account this year, as the plants are unusually healthy.

To prepare for the increased harvest of honey, Yost suggested that bee keepers buy necessary equipment in anticipation of the rush of work which will be caused by the yield.

He also advocated strengthening weak colonies at this time by the purchase of a few pound packages of bees to add to the hives.

A one pound package added now to a weak colony will enable the keeper to have a good colony in time for the clover flow.

Hunting Places To Hunt, Newest Sport

Lafayette, Ind., Jan. 24—Hunting still affords a chance for plenty of exercise, but most of it is spent in hunting, not the elusive game, but a place where hunting is allowed, in this vicinity. "Keep Out" signs are effectively limiting the happy hunting grounds of the Tippecanoe county braves.

Shades of 1917!

Looks like 1917 has come back. Photo shows part of the 3000 marines embarking for a two-months cruise to the Caribbean Sea. They left Quantico in two transports, the Henderson and the Chaumont.

FIFTEEN YEARS
AGO TODAY

From Daily Republican
Monday, Jan. 25, 1909.

The warm, balmy spring-like variety of weather which is visiting Rushville just now will probably stay for several days, according to the weather man. Yesterday the mercury stood at 70 degrees about the middle of the afternoon and the thermometer really thought that summer was with us once again.

While playing in the house with a lead pencil in her mouth about seven o'clock last Saturday evening, Ruth, the five-year-old daughter of Rev. and Mrs. W. H. Baldrige, collided with a swinging door and ran the sharp point of the pencil down her throat and into one of her tonsils. The wound bled profusely for a short time and caused the little girl much pain.

Lieut. Governor Frank J. Hall was here Sunday and spent the day in rest—that is, as far as it was possible. Judge Hall is probably the busiest man in Indiana at this time. Everybody who has a claim or request rush to him, for his good nature and clever disposition is statewide.

While hunting last Saturday, Tobe, the seven-year-old son of Mr. and Mrs. Wade Innis, of Milroy shot himself through the thumb with a 22 caliber rifle. He and his companion, Carlos McKee, were out along the creek looking for game when the accident occurred.

Miss Alice Winship, who is a student in Indiana University, spent several days last week with her parents, Mr. and Mrs. John Winship in West Fifth street.

Miss Mary Bell Harrison returned to her home in Shelbyville today after a short visit with Miss Jessie Monjar in West Eighth street.

Mrs. Ira Hilgoss of Anderson is here on account of the illness of her daughter, Mrs. Dan Matlock.

Misses Helen Black and Marjorie Smith entertained the Wesceorian club with a six o'clock dinner at the home of Miss Smith in North Main Street Saturday evening.

Mr. and Mrs. Bert Simpson of Indianapolis were the guests of Mr. and Mrs. W. T. Simpson in North Jackson street yesterday.

Mr. and Mrs. T. M. Friend entertained at a family dinner yesterday. Mr. and Mrs. Ulie Friend of Indianapolis, Mr. and Mrs. Ralph Friend and family and Mrs. Sarah Giffin.

Mr. and Mrs. George Conolly of Indianapolis are the proud parents of an eight pound boy, Mrs. Conolly was formerly Miss Lola Wright of this city.

Women Sewing On More Patches Than Formerly

Warsaw, Ind., Jan. 24—Mending tissue, thin strips of rubber, once popular with every tailor and seamstress is losing favor. While patches are admittedly not as numerous as they used to be, the decrease in their number is not the real cause for the disappearance of mending tissue, according to Warsaw tailors.

The real reason that modern grandmothers, mothers and flappers are more expert with the needle than were the girls in the early history of Indiana. Another reason is that they will not last for any length of time before being used without deteriorating. Anyway, many seamstresses and tailors have entirely discarded it.

Terre Haute—William Hockett, 18, has confessed to the theft of between 35 and 40 automobiles, according to police. He admitted he averaged a car every other night, police said. In each instance the car was later found undamaged.

When You Catch Cold Rub on Musterole

Musterole is easy to apply and it gets in its good work right away. Often it prevents a cold from turning into "flu" or pneumonia. Just apply Musterole with the fingers. It does all the good work of grandmother's mustard plaster without the blister.

Musterole is a clean, white ointment, made of oil of mustard and other home simples. It is recommended by many doctors and nurses. Try Musterole for sore throat, cold or the chest, rheumatism, lumbago, pleurisy, stiff neck, bronchitis, asthma, neuralgia, congestion, pains and aches of the back and joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet—colds of all sorts.

To Mothers: Musterole is now made in milder form for babies and small children. Ask for Children's Musterole. 35c and 65c, jars and tubes; hospital size, \$3.00.

Better than a mustard plaster

LIONS' FOLLOWERS
READY FOR INVASION

NEWSY GOSSIP IN THE WORLD OF SPORT

INDEPENDENTS WILL
PLAY AT FALMOUTH

HITTIN' 'EM AND MISSIN' 'EM

One more day until the Lions make the Ikkniks take to their heels. Judging from their appearance, they must be fast birds when it comes to a retreat. Let's make 'em holler Oik, Oik, Oik until it can be heard over here.

— OIK, OIK, OIK —
— EAT THOSE IKKNIKS —

The Ikkniks grabbed the Newcastle Roses without getting hooked on a thorn which demonstrates that they have a system of doing things.

— OIK, OIK, OIK —
— EAT THOSE IKKNIKS —

These Fowls Are Foul Getters
Watch your fowls, Lions. Remember that the Ikkniks are fowls in themselves, and made 13 points that way up at Newcastle.

— OIK, OIK, OIK —
— EAT THOSE IKKNIKS —

We don't know what chance a little Spider will have with a great big Cow, but according to what the Webb bunch tells Hittin' 'em, the Moscow aggregation might as well stay home Friday night, because the score is all figured out against them now. These two teams play at the Graham Annex here Friday night.

— OIK, OIK, OIK —
— EAT THOSE IKKNIKS —

Here's One of The Cows
If you don't know what a cow is, this was sent us by Hash and Hash Po from down that way, but they forgot to tell us whether it was the captain, forward, center or guard. No, we know it ain't the coach, we know Louie.

— OIK, OIK, OIK —
— EAT THOSE IKKNIKS —

Carthage, Ind.
Jan. 22, 1924

Dear Mr. Hittin' 'em—
You have not said anything recently about the county barn, which you said you were getting ready. Don't forget that all of the animals in the county are soon coming down to pick out stalls, and save Carthage a nest for the Blue Birds.

Yours,
BLOOEY IKIE
— OIK, OIK, OIK —
— EAT THOSE IKKNIKS —

Well Blooley Ikke, Hittin' 'em was out on the farm today, and the carpenters are working fast on the barn. When this thing started, if we had known what we do now, it would have been an ark, designed by Noah, because some of the county animals can't use a stall. The cold weather delayed the progress on the barn, but it's comin' along fine, and it will be ready next Friday.

— OIK, OIK, OIK —
— EAT THOSE IKKNIKS —

Wishes The Lions Well
George Purcell, writing from away down in Vincennes, wishes Rushville a successful season. Thanks George, we're climbin' up but there's never no tellin' these days, who to expect a trimmin' from. Next to bein' in Con-

nersville Friday night, Hittin' 'em would like to see that scrap between Anderson and Vincennes, down at Vincennes, but guess we will have to postpone seeing these teams play until March, like we did last year.

— EAT THOSE IKKNIKS —

CONFIDENCE IN VINCENNES
Vincennes started out slowly this year, but is finishing fast, and after all, the finish is what counts. The Vincennes writer says this: "that Vincennes is going fine now and the impressive records of last Friday and Saturday have convinced me for the first time this year that Vincennes has a chance. We are improving daily and this fact alone is a great factor as I fear some of the top-notchers will feel the effect of the hard games."

— EAT THOSE IKKNIKS —

Indianapolis Ind
Jan. 22, 1924

Dear Hittin' 'em:
You tell the Lions to grab the feathers out of the Ikkniks before they eat 'em, but leave enough of 'em for Shortridge to work on for Saturday night.

— EAT THOSE IKKNIKS —

The Lionesses play Saturday night. The Webb girls will be the attraction.

— EAT THOSE IKKNIKS —

Down at Seymour they call their team the Owls. Probably because they shine at night, but so far Seymour must have played their games in the day time.

The girls are the Owlets.
— EAT THOSE IKKNIKS —

LAST CALL FOR GRAHAM CRACKERS. EVERY RUSHVILLE ROOTER TAKE A BOX FOR GOOD LUCK, AND TURN THE TRICK FOR THE LIONS.

— EAT THOSE IKKNIKS —

WOULD BE HARD EATIN'
Over at Connersville, where the windows are painted with "Beat Rushville," someone went down the street and rubbed off the "B," making it read "eat Rushville". It will take a bigger bird than an Ikknik to swallow a Lion, we're thinkin'.

— EAT THOSE IKKNIKS —

WON'T DO ANY GOOD THOUGH
Side Lights, all through his column patterns his article dashes after Hittin' 'em's style, with the words "Tame Them Lions", appearing between each article. Anyway the idea wasn't copyrighted, and you're welcome to it, ole top.

By the time that the crowd Friday night gets through making their attack on the rink over at Connersville the building will be moved back into the other block, unless they chain it down to its foundation.

— EAT THOSE IKKNIKS —

A card coming from the Ikknik metropolis, with the printed words, "Beat Rushville Friday," carried a written notation on the other side, "if any you Rushville sports want a bet of \$500, three to one, call phone Main 20,742, or Randolph 32,615." Some local takers, we are told, called up these numbers and by gosh, the numbers don't run up that far in figures, which shows that someone was bluffin'!

— EAT THOSE IKKNIKS —

Side Lights tells this one: "Principal Butler of Rushville tells Principal Myers of Connersville that he would like to have a thousand more tickets. Now how about a gym to seat 5,000." Hittin' 'em wouldn't be surprised but what 1,000 tickets would soon be taken up over here, if you had a place for 'em, Side Lights. As

KNOTTY PROBLEMS IN BASKETBALL

The Republican has arranged with the Joint Basketball Rules Committee, which promulgates annually the amateur rules governing the game, to answer all questions regarding interpretation of the playing rules. Readers desiring information on any problems which may have arisen during a game can have their questions answered officially by addressing the Joint Basketball Rules Committee, care of this paper. Enclose a self-addressed 2-cent stamped envelope for direct reply.

Ques.—Two substitutes come on the court and both communicate with teammates before play is resumed. Should one foul or two be called? Ans.—Two.

Ques.—Please explain why it is that in basketball a team works the ball into its own territory and throws for its own basket, whereas in other games the object is to carry the ball into the opponents territory. Ans.—When Dr. Naismith originated basketball he used peach baskets into which the ball was to be thrown. The object of the game was to get as many "peaches" as possible into one's own basket. Therefore the object of the game still is to throw the ball into your own basket.

Ques.—In a recent game a player was dribbling, came to a stop with the ball in his hands, then touched a nearby player with the ball and started to dribble again. He claimed this was legal because the ball touched another player between the two dribbles. Ans.—This was a violation of the dribble rule because the ball was not out of the possession of the dribbler when it touched the nearby player. Rule 14, Sec. 11.

Ques.—Is it possible to "block" a player who has the ball? Ans. The term "block" applies to impeding the progress of an opponent who has not the ball. The terms "hold, charge, push, or use unnecessary roughness" may be used to cover personal fouls on a player who has the ball. These latter terms apply also if he has not the ball.

Ques.—A player was about to make a free throw when the crowd hissed trying to disconcert him. The player turned to the referee to see if he was going to do anything about it. The referee said, "Your ten seconds are up" and threw the ball up at center. We lost the game by the one point. Have we grounds for protest. Ans. No. The player should have been attending to his own job instead of helping to referee the game?

Ques.—Some coaches in our section claim that when a player is taken out of the game the personal fouls charged to him are cancelled; if he returns to the game later he has a clean slate. Others claim that when a player is taken out, the substitute takes the player's fouls; and when the substitute runs the total up to four he is disqualified, and the original player may return with a clean slate. Ans.—Both of these are untrue; you can see how the rules would be evaded if either of these could be done. A player's personal fouls are his own property throughout the game.

it is we will be content with the 100.
— EAT THOSE IKKNIKS —

Big pep meeting at Caron's Candy kitchen after school Friday afternoon, before the cars leave for Connersville. Be on hand. Judge Sparks, E. R. Casady, Dr. F. H. Green and Dr. Hale Pearsey will lead the yells, and help sprinkle the pep.

— OIK, OIK, OIK —
— EAT THOSE IKKNIKS —

Telephone service from the Connersville gym to this city will give the game Friday night play by play. Caron's Candy kitchen will be the official announcer, and scores also will be given out at the Graham Annex gym, during the Webb-Moscow game.

SECTIONAL WILL BE AT FALMOUTH

One of Centers in Sixth Annual Independent Basketball Championship

ONE OF 28 IN STATE NAMED

Finals Will be Played in Indianapolis
Feb. 21, 22 and 23—400 Teams Expected to Compete

Indianapolis, Ind., Jan. 24—Plans are all made, dates all set, in fact, the stage is set for the Sixth Annual Indiana Amateur Independent Basketball Championship, when again the Independent Champions of the Hoosier State will be declared in a "Championship Way."

Wayne Emmelhmann, of this city, who is still behind the movement, declares that the number of teams playing in the meets this year will reach close to four hundred.

Twenty-eight sectional tournaments will be held over the state and the winners of these sectional meets will play at Indianapolis on February 21, 22nd and 23rd to decide the state title. Sectional meets are being held at Marshall, Moores Hill, Plymouth, Fishers, Knox, Monticella, Angola, Peru, Morgantown, Hazleton, Midland, Vallonia, Darlington, New Augusta, Warren, Attica, New Palestine, Falmouth, Paoli, Greensburg, Bicenell, Richmond, Yorktown, Cloverdale, Elkhart, Indianapolis, Wabash and Pennville.

The Indiana Amateur Independent Basket Ball Association has shown rapid growth. When Emmelhmann started the project six years ago, twenty teams took part. It has grown by leaps and bounds and it is expected that four hundred teams will take part this year, a gain of a hundred quintets over a year ago.

The ball played in the meet is of the highest class and the association has brought the teams together over the entire state, making it an organization of good fellowship and clean sportsmanship. Ninety percent of the players participating on the independent teams in Indiana are ex-high school players, and the project gives them an honor to play for, as when they were members of a school team.

Last year the Terre Haute Jacks were declared winners of the association. In the year 1922 the American Legion team of Lizton won the honors, the Trafalgar Independents carried away the honors in 1921, the Anderson Y. M. C. A. winning in 1920, and the Indianapolis Y. M. C. A. winning the first year.

Every team in Indiana playing Independent basketball whose players are amateurs, are eligible for play and are invited to take part in the association games. Teams desiring to participate are asked to write at once to Wayne Emmelhmann, 209 West Washington street, at Indianapolis for entry blanks and full particulars concerning the association.

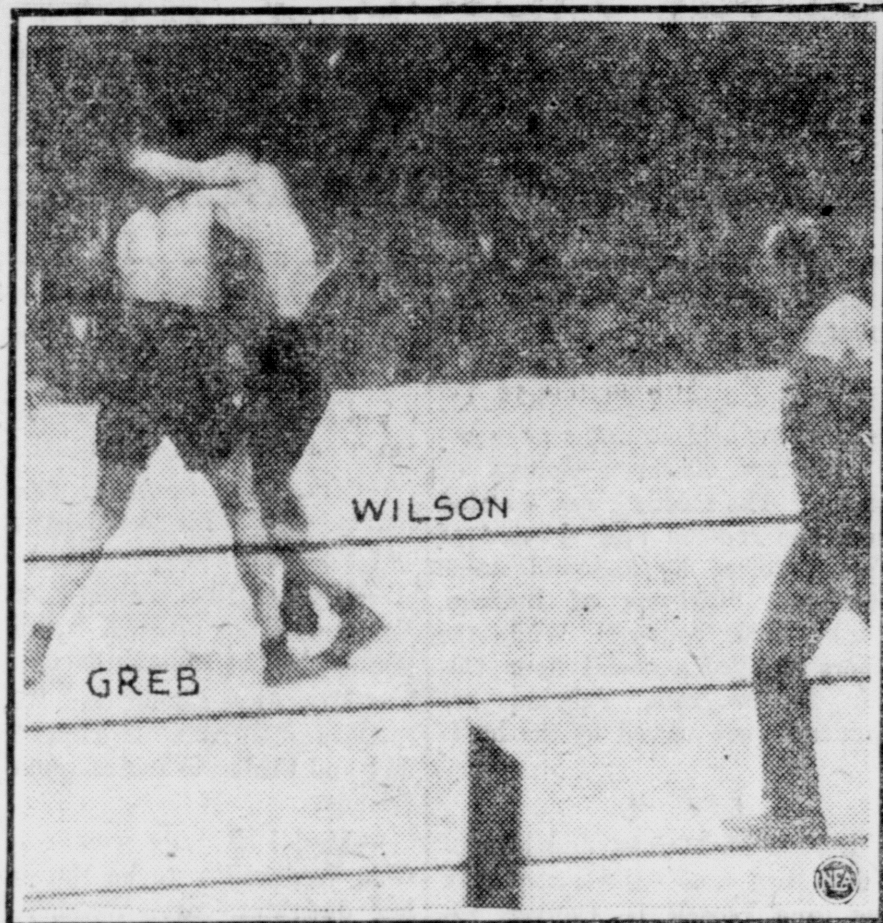

Many of the sectional meets are nearly filled to their capacity and teams are asked to rush in their applications.

FIGHTS AND FIGHTERS

Buenos Aires—"I'll knockout that Firpo in four rounds". I'm in great shape and ready to go." Farmer Lodge American heavyweight said on his arrival here. He is scheduled to meet Firpo February 16 but he said he wanted it "sooner than that".

New York—Differences between Mike McTigue, world light-heavyweight champion and his manager, Joe Jacobs, are expected to be settled today and Tex Rickard hopes to match McTigue with Gene Tunney or Georges Carpentier.

Greb Retains His Title

Clinch! That's what Harry Greb and Johnny Wilson did nothing else but! Greb won the decision after 15 rounds of fighting at Madison Square Garden, New York City, thereby retaining his middleweight title as world's champion.

Shooing Old Boys From Golf

HENRY L. FARRELL
(United Press Sports Editor)

New York, Jan. 24—Snacks that Age takes against Youth are always featured more than the socks that Youth lands on Age.

Perhaps that is the reason why a subtle but potent punch taken at Age in a speech made recently by Wynant D. Vanderpool, president of the United States Golf Association, slipped by almost unnoticed.

In addressing the annual meeting of the association here early in the month, Vanderpool said in part:

"In spite of the efforts of the eligibility committee, the number of players entering the amateur championship is still large. It is very desir-

able that this event should be played in one week and that the tournament should start on Monday morning. This can be accomplished only by reducing the list of those eligible to compete. It seems fortunate that players having no possible chance of going through should continue to enter. I do not wish to discourage the younger players whose game is constantly improving. My thought is that there are a number of older players, who, even though they qualify, cannot possibly go through the tournament. These, I think, we should try to dissuade from entering because it hardly seems fair to those who really have a chance to be called upon for an extra day's play."

Might that be a move against those who maintain golf is an old man's game?

HOPPE CLINGS TO TITLE

Retains 18.2 Balk-Line Billiard Championship, Defeating Schaefer

Chicago, Jan. 24—Willie Hoppe retains his 18.2 balk-line billiard championship.

After hours of hard play, Hoppe last night won the final block of his 1,500 point match with Jake Schaefer, Los Angeles with a total count of 1500 to 1196.

Hoppe's grand average was 27 4-54. His high run was 182. Schaefer amassed a grand average of 22-8-54 with a high run of 170.

Schaefer had won the first block, 500 to 369 and lost the second 500 to 239.

Hoppe took the lead and maintained it throughout.

New York—Articles for a fifteen round bout against George Marks, California flyweight, were signed last night by Frank Churehill, manager of Pancho Villa, world's champion. They are to meet in Madison Square Garden on Feb. 8.

Milwaukee—Ernie Goseman and Joey Sanger, featherweights, who meet here Monday night, were back at work training for their bout today, after taking a rest yesterday. Both are down near the weight limit.

INVADE ARLINGTON TONIGHT

Moscow Independents Will Carry Best String of Players

The Moscow Independents will invade Arlington tonight, when they meet the A. C. team for the second time this season. Moscow won the first game, but they expect a hard battle on account of keen rivalry between the two teams. Paul Gosnell, Chester Gosnell and Peek, have been lined up against Wicker, Shook and Gardner for several years.

The Moscow team will line-up as follows: Paul Gosnell and Platt, forwards; Reed, center; C. Gosnell and Means, guards. The combination has not been defeated this season, although the team lost two games early in the season with a different bunch of players.

Chicago—Eddie Kane, manager of Tom Gibbons, St. Paul heavyweight indicated Gibbons will fight an "unknown" at Havana, Cuba, next month. Miami promoters called off the proposed match between Gibbons and Chuck Wiggins, Indianapolis, heavyweight.

Chicago—Battling Siki, the Senegalese, was due here today en route to Minneapolis where he meets Joe Lohman, January 31.

RUSHVILLE FANS TO GETS RETURNS HERE

Arrangements Made For Play-By-Play On High School Basketball Game at Connersville Friday

— EAT THOSE IKKNIKS —
CROWD GOING ON I. & C. CARS
— OIK, OIK, OIK —

Rushville basketball fans, who will be unable to go to Connersville Friday night, can receive the game here at home, play by play over the telephone, as arrangements were made today between the two telephone companies, and they extended this courtesy.

The Rushville company will prepare the telephone wires in the Connersville gym tomorrow, and an open circuit will be kept when the game starts. Play by play will be repeated and arrangements have been made to give out the details of the game at Caron's Candy store. The score also will be announced at intervals at the Graham annex gym, where Webb and Moscow will be playing.

It will be useless for persons to attempt to call Caron's store, because this phone will be hooked up on the long distance wire and after the game.

Although Rushville was given 100 tickets for the game, there are several hundred left at home who could not obtain a ticket. The Webb and Moscow game will attract many people here.

While the Lions are playing in Connersville, the Rushville second team will be playing at Richmond.

The Rushville delegation leaves on special cars over the I. & C. traction at 4:30, and will return after the game. A pep meeting before the departure will be held at Caron's after school.

— EAT THOSE IKKNIKS —

WIN BY TOP-HEAVY SCORE

Rush County Coaches Team Defeats Letts Independents, 75-15

The Rush County coaches basketball team won by a top-heavy score here Wednesday night on the Modern Appliance floor, defeating the Letts Independents, 75 to 15.

Soon after the game started, it was clear to be seen that the coaches were hitting a fast stride and would swamp the visiting team, and at the half, they maintained a good margin. A game with the Greensburg Y team was scheduled for next Monday, and has been cancelled.

The game last night demonstrated that the coaches are capable of playing fast ball, and before the season closes, it is expected that they will take on some fast company.

OVER 3,000 ROUNDS ARE SHOT

Shoot Attracts Large Crowd Of Sportsmen Here Wednesday

The second shoot held Wednesday on the Harrie Jones farm, just south of Rushville, attracted another large crowd of sportsmen from this county, and over 3,000 rounds of ammunition was shot during the day. Many good scores were made, and the opposition was keen at all times. The shooting began shortly after nine o'clock and continued until almost after dark.

Hiff Staples of Greensburg was here and at noon gave a demonstration of expert shooting, using a rifle and a 20 gauge gun. It is presumed that similar shoots will be held here frequently, as there is much interest being revived, and plans for a Gun Club, similar to one had here years ago, may be taken up within a few weeks.

Janesville, Wis.—Joe Purche and Tommy Lukes fought a 10 round draw.

Social Notes

The Rebekah Lodge will meet Friday evening in the lodge room in West Second street. There will be degree work and each member is requested to bring sandwiches.

The Sons of Veterans' auxiliary will meet Friday afternoon at two o'clock in the G. A. R. room of the court house, to transact all the business of a regular meeting.

The Advance Literary Club will be entertained with a special program Friday afternoon at the home of Mrs. Willard Amos in North Perkins street. All the members are cordially invited to attend this meeting.

Mrs. Will M. Frazee was hostess Wednesday afternoon to the members of the Tuesday Bridge club at her home in West Third street. Following a most interesting session at cards the hostess served her guests with delicious refreshments.

The Phi Delta Kappa fraternity of Connersville has arranged for a dance Friday evening to be given at the close of the Rushville-Connersville high school basketball game at the Odd Fellow's Hall in that city. Dancing will begin immediately following the game.

Mrs. Floyd Kirklin entertained the members of her card club and invited guests Wednesday afternoon at her home in North Harrison street. The ladies spent an enjoyable afternoon around the card tables playing bridge and as the closing event the hostess served delicious refreshments.

The W. R. C. held their regular meeting Wednesday afternoon in the assembly room of the court house. After the business session a splendid program of readings and music was given, under the direction of the patriotic instructor, Mrs. Emma Hill.

Attractive Dresses Use Two Materials

How effectively materials may be combined is demonstrated by the models sketched. Tailored frocks use colored crepe or satin to make vestees and collars that add a lighter touch of color. Afternoon dresses are bolder and use almost equal lengths of both materials, so one can scarcely decide which is trimming and which is dress. The frock with the new handkerchief shown here is made of flat crepe and one of the new designs in figured silks.

goss. The program was in celebration of McKinley's birthday anniversary.

The Elisha Arnold Chapter, D. A. R., of Homer, held its January meeting with Mrs. Kathryn Updike of Arlington. The meeting was devoted to year-end reports and election of officers followed by a round table discussion, "Citizens of Indiana, Yesterday and Today." While the members enjoyed a social hour following the program, delicious refreshments were served by the hostess.

Miss Vera E. Mercer, daughter of Mr. and Mrs. James Mercer, of New Salem, and Lowell H. Collyer, the photographer of this city, were quietly married Wednesday evening at the M. E. parsonage by the Rev. H. W. Hargett, pastor of the St. Paul's M. E. church, the ring ceremony being used. They will be at home to their friends at 315 West Third street. The bride is well known in the New Salem vicinity and also in this city. The bridegroom has been engaged in the photography business in this city for a number of years and is the son of Mr. and Mrs. Alfred Collyer of near Falmouth.

Mrs. Ed Billings was a charming hostess Wednesday afternoon to the members of the American Literary Club at her home in East Eighth street. The meeting opened with the reading of the collect and the responses to the roll call were quotations from William Cullen Bryant. After a short business session, Mrs. P. H. Chadwick gave an interesting paper on "New England Literature," followed by a paper on "The Knickerbocker Group" by Mrs. Martha Grindle. The program closed with the bulletin report by Mrs. Florence Abercrombie. During the informal social hour at the close of the meeting, the hostess served refreshments.

PERSONAL POINTS

Chester Peck of Moscow was a business visitor here Wednesday.

Mrs. Vern Lewis of near New Salem spent this morning in this city on business.

Mr. and Mrs. Walter Easley and Mr. and Mrs. Charles Green spent Wednesday in Indianapolis.

Mrs. Alice Combs and Miss Clara Dora of Glenwood are spending today and Friday in Indianapolis with friends.

Mrs. Phil Wilk went to Akron, Ohio Wednesday to be the guest of her daughter, Mrs. Wendell Wilkie and family.

Mrs. Percy Stamm went to Greensburg this afternoon for a visit with her parents, Mr. and Mrs. F. M. Seward.

Wallace Beer, of Lafayette, a student at Purdue, is here for a week end visit with his parents, Mr. and Mrs. Ed Beer.

Mrs. E. A. Lee has returned to her home in this city after a month's visit with Dr. and Mrs. H. A. Van-Osdol in Indianapolis.

Mrs. Grace Powell has returned from a four weeks stay at Martinsville to the home of her father, James Alsop east of the city.

James A. Caldwell, a student at Purdue University, Lafayette, came this afternoon to spend the week end with his parents, Mr. and Mrs. Fred A. Caldwell.

HECKLING MARKS MINERS MEETING

Continued from Page One
ing with wage and working condition. Some of the resolutions asked a renewal of the wage contract on the present basis, while others demand increases ranging from 10 to 25 percent.

While the spokesman of the committee said they had not gone far enough with their work to determine the general sentiment of the miners on the wage issue, it is known that the committee itself is divided into two groups.

It was said one group wants to go to the Jacksonville wage conference with demand for an increase of probably 10 percent to go in concessions from the operators on other points.

Others members of the committee, it is said, believe the miners will strengthen their hand by making a flat statement of the contract they will accept. This group would ask a renewal of the present contract.

It is believed a renewal of the present contract will, in the end, be satisfactory of practically all members of the committee.

The convention late yesterday extended its policy for nationalization of basic industry by adopting a resolution asking for eventual nationalization of railroads and coal mines. They had endorsed ownership of the mines at previous conventions, but it was the first time the railroads were included in the proposal.

John L. Lewis, international president, administered a second defeat to the radicals when he took the floor and secured approval of his action in removing the charter of Nova Scotia miners last year.

Lewis explained the charter was removed because the miners affiliated with the trade union movement of Soviet Russia and called an outlaw strike.

The convention approved recognition of the Soviet government, pro-

BUT BOK REFUSED TO TELL THEM ANYTHING!

Edward W. Bok (foreground) of Philadelphia, who offered \$100,000 for a practical peace plan, was called before a Senate committee to testify as to the amount of money he is spending in the interest of world peace. He refused to give the committee the information it wanted, contending it was a personal affair purely. Seated left to right: Senators Shipstead of Minnesota; Green of Vermont; Moses of New Hampshire; Reed of Missouri; and Caraway of Arkansas.

vided Russia agrees to pay her debts. The same resolution condemned Russian trade union methods.

Other resolutions called for a more cohesive labor movement in the United States, approved old age pensions, and congratulated Remsey MacDonald, labor premier of England, on his succession to power.

MOVES LAW OFFICE

Samuel L. Trabue has moved his law office from the Cutter building in East Second street, to the Farmers Trust company building in North Main street.

SAYS HE LOANED

FALL \$100,000

Continued from Page One

were reported as remaining in seclusion in their compartment, having their meals taken to them.

Secretary of the Navy Denby conferred with President Coolidge at the White House for fifteen minutes today, but would not admit he talked about Teapot Dome.

Denby refused to comment on the senate investigation beyond saying as far as he could see, no facts had been disclosed yet.

Denby has told friends within the past 24 hours that his conscience is easy on the naval oil leases and he

will not get into the matter unless drawn.

He testified before the senate committee some months ago that the leasing was a "detail" which he did not carefully investigate.

A report spread through the senate office building today that Fall had informed a senator "the full story of the \$100,000 would be told." This is the \$100,000 Fall said he got from E. B. McLean to buy a ranch, but which McLean later said Fall didn't use.

This report had it that Fall would say he obtained the money from a Democrat, seven months after the lease of Teapot Dome. The Democrat was not an oil man.

False, Says Sinclair

Paris, Jan. 24—Any charges before the senate Teapot Dome committee that Harry Sinclair paid former Secretary of the Interior Fall's ranch foreman \$68,000 "is false testimony" the oil millionaire said today.

As more complete details of the Roosevelt-Wahlberg testimony become available to Sinclair after his arrival here, he became somewhat more emphatic in his answers. Questioned particularly as to Archie Roosevelt's statement quoting C. D. Wahlberg as saying the latter had the cancelled checks for \$68,000 paid by Sinclair to Fall's ranch foreman, Sinclair said:

"I don't know anything about it. If Roosevelt testified in such a manner, it was dishonest testimony. I don't mean that Roosevelt testified dishonestly, you understand," he added, and then with a gesture of dismissal.

"The secret of the whole affair is that the Democratic national committee wants to get Fall."

Thursday Night Studies

The Rev. Gibson Wilson, pastor of the Presbyterian church, announces a series of Thursday night studies on "Personal Work," which begins tonight at the regular prayer meeting service, at 7:30 o'clock and any person who is interested will be welcome to the meetings.

He will take up such studies as "Man's need of a Saviour," "The Work God has done for Men," "Man's Responsibility for Men," "Our Equipment for Work," "Successful Workers Who Hesitate," "The Spirit of a Successful Worker," and "How Christ Won Individuals."

FORT WAYNE LADYS SAYS TANLAC BROUGHT HER GOOD HEALTH

MRS.
DOTTIE
SNYDER

"From my heart I shall always bless the day I bought Tanlac for that was the move that meant health and happiness to me," states Mrs. Dottie Snyder, esteemed resident of 1302 North Harrison St., Fort Wayne Ind.

"Eighteen months ago I was weak, nervous and rundown, so much so that my housework was burdensome and I could hardly sew, read or enjoy any social activities. My sleep was not restful, at times indigestion made me miserable, and headaches and dizziness also caused me distress.

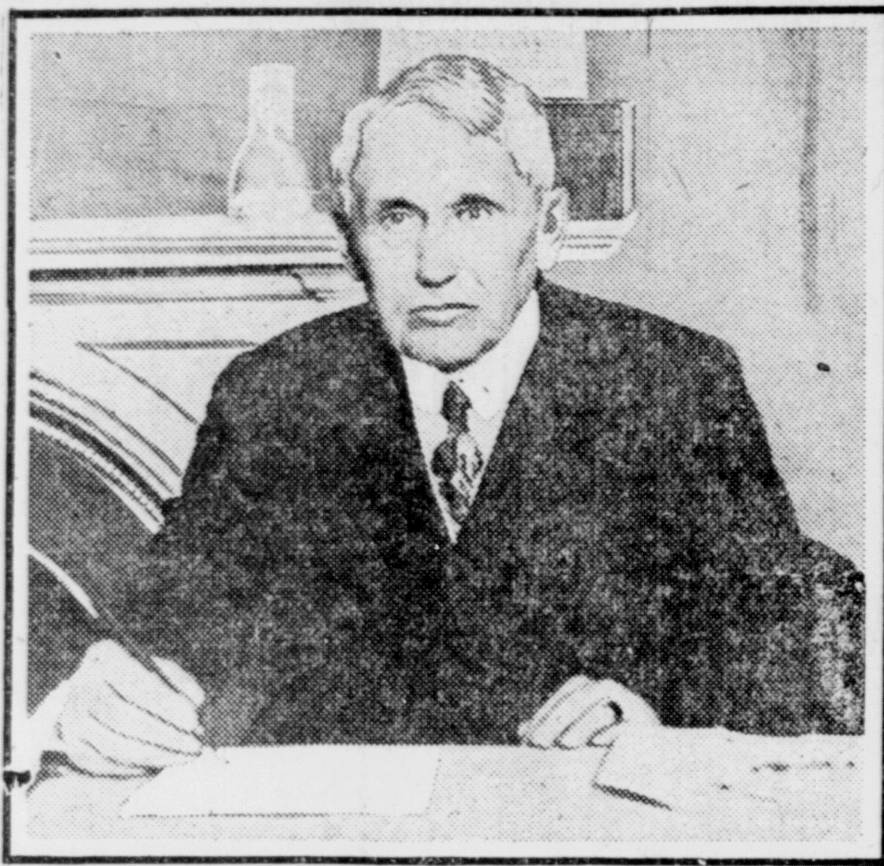

"I certainly felt like rejoicing when Tanlac relieved my troubles. It increased my weight ten pounds, brought the color to my cheeks, and made me feel fine. To this day I have remained strong and well and I'm more delighted with Tanlac than ever."

Tanlac is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.

Take Tanlac Vegetable Pills.

On the Job

Former Senator Frank Kellogg, now ambassador to Great Britain from the United States, is shown here at his desk in London. He's on the job, folks!

13 Counties Trying To Be Rid Of Bovine Tuberculosis

Indianapolis, Ind., Jan. 24—Thirteen counties in the state are conducting campaigns for the eradication of bovine tuberculosis, according to Dr. W. B. Haskins, federal attaché of the Indiana Livestock Sanitary commission. Morgan county is the latest to join the ranks.

The Morgan county council has appropriated \$3,500 a year for the fighting of the disease in that county, Dr. Haskins said. A veterinary inspector will devote all of his time to this service in Morgan county.

GIVES WAY TO PROGRESS

Newcastle, Ind., Jan. 24—The last lively stable in Newcastle is being torn down to make way for a garage. There wasn't any business for the lively stable, which was built nearly sixty years ago.

WANT NATIONAL PARK IN EASTERN STATES

Several Bills For Funds For Locating a Park East of Mississippi Are Planned

MANY SITES FAVORABLE

Washington, Jan. 24—The proposal to establish a National Park in the east is receiving renewed consideration.

Several bills providing for funds and locations have been introduced in this session of congress. Senator Swanson of Virginia has a bill providing for the use of 5,000 acres centering about High Knob mountain, Virginia, to be known as Appalachian National Park.

Other bills would authorize the creation of a park of 15,000 acres in the Cumberland Gap region of Virginia. Kentucky and Tennessee, to be known as Lincoln National Park and the acquisition of the land including Mammoth Cave, Kentucky, to be known as Mammoth National Park.

"The Recommendation of Director of the National Park Service in his annual report that a section of the Appalachian Ranges be established as a national park has created widespread interests," said Secretary of the Interior Work, outlining the proposals under way.

"The existing National Park System is the finest in the world. In making any additions sites should be chosen that will be in every respect up to the standard, dignity and prestige of the existing National Parks and National Monuments. A thorough study therefore will be necessary before any definite conclusion can be reached."

ASKS \$5000 FOR BROKEN LEG

Muncie, Ind., Jan. 24—Edward Benbow, former Indiana Union Traction brakeman, has sued the company for \$5,000 because of a broken leg suffered three months ago when struck by a motorcycle as he was throwing a switch for the car. He declares he had been forced to work from 6:30 in the morning until 10 o'clock in the evening and was in such a dazed condition he was unable to dodge the motorcycle.

MANY SCHOOL CHILDREN ARE SICKLY

Mothers who value their own comfort and the welfare of their children, should never be without a box of Mother Gray's Sweet Powders for Children for use throughout the season. All Drug Stores. Don't accept any substitute. Trial Package sent FREE. Address Mother Gray Co., Le Roy, N. Y.

The Cost of a Car

is no measure of its value

These are the things to consider

THE cost of a car depends in large part on volume and efficiency. It is no criterion of value.

Studebaker builds 150,000 fine cars yearly. All of them are Sixes. The main costs are divided by that enormous output. Thus at prices of \$975 and up we offer the utmost in quality. We offer maximum values.

Don't judge these cars by prices. Under other conditions they might cost twice as much, yet offer less than these.

Some major costs

Quality cars require costly facilities. Studebaker has \$50,000,000 invested in modern plants and equipment. \$8,000,000 in drop forge plants alone. \$10,000,000 in body plants, to carry out the Studebaker standards.

There are 12,500 up-to-date machines employed to build these cars. Some are enormously expensive.

Few outputs justify such facilities. Then parts must be bought outside, and profits paid to others.

Studebaker engineering costs \$500,000 per year. That to us is \$3.33 per car.

Our Department of Research and Experiment employs 125 skilled men. It makes 500,000 tests per year to maintain our standards.

Our Bureau of Methods and Standards fixes the requirements for every part and detail. 12,000 inspections are necessary for each car to insure against flaws and mistakes. We employ 1,000 men to make them.

Cars like the Studebakers cannot be built without such facilities, such research, such care. Yet enormous output alone makes them possible at Studebaker prices.

The best we know

Studebakers represent the best we know. And with our army of en-

gineers, with our wealth of experience, we probably know what is best.

We use 35 formulas for steels. Each is best suited to certain parts, as proved by years of tests.

On some steels we pay the makers a bonus of 15% to get them exactly right. There is no room to excel us there.

* * *

We machine the entire surface of each crank shaft, as was done on Liberty Airplane Motors. That extra cost is heavy. But thus we get

ations, including 15 coats of paint and varnish.

Open cars have real leather cushions. They cost, over imitation leather, about \$25 per car.

No closed cars could be more luxurious. That lining of Chase Mohair is made from the soft fleece of Angora goats. A velour lining would save about two-thirds that cost—up to \$100 per car.

Note how every detail denotes infinite care. That, as you know, is expensive.

Note the completeness of our larger models. The nickel-plated bumpers, extra disc wheels with cord tires, a steel trunk, a courtesy light. These are rare extras, even on the costliest cars.

Nothing is stinted

Compare part by part with any rival cars. Studebaker will show you some scores of advantages.

Then consider Studebaker history. For 72 years this name has stood for quality. When people rode in carriages, Studebaker built the best. Now those same traditions are applied to motor cars alone.

Consider Studebaker records. Mark how these cars in service have multiplied demand, until people last year paid \$200,000,000 for Studebaker cars.

* * *

Consider their service records. One Studebaker car, built in 1918, has run 475,000 miles. It is still in active service. It lately made a mid-winter trip from Los Angeles to New York. That means 80 years of average service, of 6,000 miles per year.

What more can you dream of in a motor car than the Studebakers offer?

that perfect balance, that absence of vibration.

We use more Timken bearings than any other car which costs under \$5,600. They cost considerably more than ball bearings.

These facts apply to all Studebakers, of all styles and sizes. The materials used in all chassis are alike.

Beauty—Luxury—Finish

The Studebaker coach work has been famous for decades. No one can excel it.

The finish is produced by 26 oper-

SENDS CONGRESS A SPECIAL MESSAGE

Coolidge States Economic Situation in Certain Wheat Growing Sections is Acute

GIVES RECOMMENDATIONS

Washington, Jan. 24—President Coolidge today sent congress a special message on the acute situation he said existed in the wheat growing sections of the north west.

"The economic situation in certain wheat growing sections of the north west is reaching an acute state, which requires organized cooperation on the part of the federal government and local institutions of that territory for its solution," the president said.

Mr. Coolidge recommended as remedial measures:

1—Refunding of "the pressing past due indebtedness of the farmer" in the territory most seriously affected.

2—Financial assistance through a federal agency to enable wheat farmers to make a change from a single crop system to diversified farming.

3—"Restoration wherever it would be helpful" of the impaired capital of banking institutions in the distressed sections.

4—"Creation by private capital of a substantial financing co-operation to assist in the plan of bank reorganization.

5—Extension until December 31, 1924, of the power of the whole finance cooperation to make loans. This power expires March 31.

The president pointed out some arrangements must be made that will insure money loaned by the government reaching the farmers and not be swallowed up immediately by their creditors, the banks.

AUTO EXPERT GIVES LECTURES EACH DAY

First of Series on Construction, Operation, Adjustments and Kindred Subjects Wednesday

TO CONTINUE REST OF WEEK

A free lecture course, touching upon every angle involved in an automobile, from operating it, construction, adjustments, ignition—in fact a detailed lecture on the complete mechanism, is being held each afternoon and evening this week at the Joe Clark garage, the first of the series having started Wednesday.

John Sink, an expert, is here for that purpose, and the public is invited to drop in during the afternoon or evenings and learn first hand information concerning an automobile.

He has before him at all times a Nash engine and complete chassis, with all working parts exposed under glass and electrically lighted so persons who haven't the slightest idea as to how an automobile is operated can really see it in operation, and at the same time hear the expert teacher tell about the working conditions.

Professor Sink recently completed similar lectures at Purdue and Indiana universities and other colleges. These lectures begin each afternoon at 2:30 and at 7:30 at night, and the usual lecture will be given Saturday afternoon.

Wabash—The roof of the tabernacle where Dr. E. J. Bolgin, is conducting a campaign, which was crushed by a heavy snow fall, is being repaired.

Ice-Bound

The city of Hamburg, Germany, is ice-bound these days. Vessels have little or no chance to get away once these powerful ice blocks wedge them in. Shipping has almost come to a standstill, so far as this port is concerned.

PROBABLE CONVENTION SITE

This is famous Madison Square Garden, New York City, where the Democratic National Convention probably will be held in June of this year. It was elected in 1889, designed by Stanford White, the famous architect who was killed on the roof-garden of the building by Harry K. Thaw. In 1920 Tex Rickard took over the building and used it for sport promotions. Seating capacity is 14,000, but plans now are being made whereby it is hoped to increase that figure to 20,000.

Y. M. C. A. TO HOLD MEETING ANNOUNCES HIS CANDIDACY

Complete Arrangements for 53rd Convention at Newcastle

Indianapolis, Ind., Jan. 23—C. A. Tevebaugh, Indianapolis, state secretary of the Y. M. C. A. is completing arrangements for the 53rd annual convention of the association at Newcastle Friday, Saturday and Sunday.

Indianapolis will be represented by a large number of workers.

The sessions will open with a dinner Friday night at which Dr. John C. Acheson of Danville, Ky., will speak on "The Extent and Efficiency of the Y. M. C. A."

The annual business meeting will be held Saturday. Convention speakers will occupy pulpits in the Newcastle churches Sunday.

Laporte—Five children of Mr. and Mrs. Ernest Kose, who were found living with their parents in a tent near here during the recent cold weather, were placed under supervision of the local board of children's guardians.

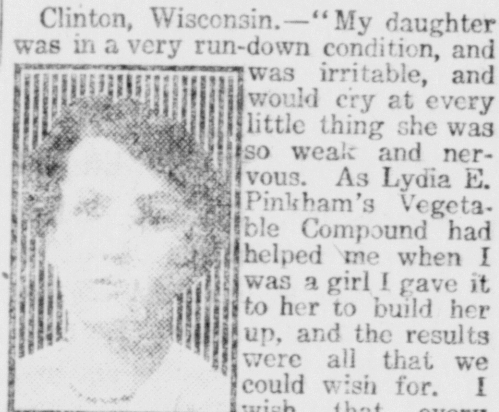

Princess

Princess Zelnch, wife of the new minister from Egypt. His Excellency Youssry Pasha, is the newest member of Washington's fashionable set.

MY DAUGHTER WOULD CRY AT EVERYTHING

Nervous and Irritable. By Taking Lydia E. Pinkham's Vegetable Compound Became Entirely Normal

Clinton, Wisconsin.—"My daughter was in a very run-down condition, and was irritable, and would cry at every little thing she was so weak and nervous. As Lydia E. Pinkham's Vegetable Compound had helped me when I was a girl I gave it to her to build her up, and the results were all that we could wish for. I wish that every mother with growing girls would try it for these troubles girls often have. I had taken it myself before my girl was born, and she was one of the nicest babies any one could wish to have. I recommend the Vegetable Compound to women and girls and cannot praise it too highly." — Mrs. I. A. HOLFORD, Box 48, Clinton, Wisconsin.

Mothers can depend upon Lydia E. Pinkham's Vegetable Compound to relieve their daughters of those troubles they so often have. They know from experience the value of the Vegetable Compound in the treatment of these complaints and many, like Mrs. Holford, give it to their daughters.

THE OLD HOME TOWN By Stanley

MOVIES

Richard Barthelmess At Princess

A cuirass of the days of Cromwell is worn by Richard Barthelmess in his latest starring vehicle, John S. Robertson's production, "The Fighting Blade," a First National picture which the Princess theatre is presenting today.

The cuirass is one which was worn by a soldier in Oliver Cromwell's army when the Protector ruled England. It weighs ten pounds and is fashioned of the best Spanish steel. England, now a manufacturer of fine steel, was in those days dependent on other countries, notably Spain, for implements of warfare; and the Spaniards made the best blades and the best armor of that period. The cuirass is the property of an American collector who exhibited it for a time at the Metropolitan Museum of Art. It shows dents and marks that indicate that its wearer in the 17th century no doubt owed his life in many instances to its toughness. This piece of armor encases the torso on-

ly. The arms and shoulders are free.

"The Fighting Blade" is a romance of the Cromwellian era. It depicts the daring exploits of a dashing Flemish soldier of fortune, the most famous duelist of his day, who came to England to avenge the death of his sister, and remained to join the Roundheads under Cromwell in the historic rebellion that paved the way for popular government in England.

The production is said to be the most pretentious starring vehicle Richard Barthelmess has had, and one of the most significant pictures in the present era of bigger and better pictures.

Barthelmess plays the role of the Flemish soldier of fortune. His excellent supporting cast includes Dorothy Baker, Mackaill, Morgan Wallace, Lee Baker, Frederick Burton, Stuart Sage, Allyn King and others.

GLENWOOD

Edward McClannahan of Chicago was a guest over Friday night of Mr. and Mrs. D. Z. Williams.

Miss Gladys Addison spent the week-end with her parents at Carthage.

Miss Marcella Combs of Connersville spent Saturday and Sunday with her grandmother, Mrs. Alice Combs.

Mr. and Mrs. Clarence Freeland and son Charles have returned from a several days visit with relatives at Dayton, Ohio.

Mr. and Mrs. Dan Geise and family and Zen Dolan visited the latter's mother, Mrs. Beatrice Dolan and daughters, at Rushville Sunday.

The Literary Program will be given by the school Friday afternoon.

Bobbie Lewark, who has been confined to his home with illness, is improving.

Mr. and Mrs. Frank Hinchman visited the latter's cousin, Miss Helen Jinks at New Salem Sunday.

The NEW ESSEX
A SIX

Built by Hudson Under Hudson Patents

The smoothness and long life for which Hudson is famous is now shared by Essex. It is an important advantage to bear in mind.

So also is the fact that the Essex "Six" possesses other notable Hudson qualities. It has the same type clutch, the same axles, the same provisions for long life and easy care of all working parts. Essex reliability is retained. Essex economy of fuel, oil and tires is greatly enhanced.

You will enjoy it—that's certain. See how handling is simplified. Starts at the touch of your toe. Steers easily as a bicycle. And how easy gears shift. Easy to park too. Its low center of gravity makes safe and comfortable driving on all roads at all speeds.

Simple to keep in first class condition. Requires little attention. Lubrication for the most part is done with an oil can.

You, too, will say: "the New Essex provides ideal transportation."

We ask this test—take a ride.

If Ruptured
Try This Free

Apply it to Any Rupture, Old or Recent, Large or Small and You are on the Road That Has Convinced Thousands.

Sent Free to Prove This

Anyone ruptured, man, woman or child, should write at once to W. S. Rice, 7830 Main St., Adams, N. Y., for a free trial of his wonderful stimulating application. Just put it on the rupture and the muscles begin to tighten; they begin to bind together so that the opening closes naturally and the need of a support or truss or appliance is then done away with. Don't neglect to send for this free trial. Even if your rupture doesn't bother you what is the use of wearing supports all your life? Why suffer this nuisance? Why run the risk of gangrene and such dangers from a small and innocent little rupture, the kind that has thrown thousands on the operating table? A host of men and women are daily running such risk just because their ruptures do not hurt nor prevent them from getting around. Write at once for this free trial, as it is certainly a wonderful thing and has aided in the cure of ruptures that were as big as a man's two fists. Try and write at once, using the coupon below.

Free for Rupture

SAYS HE LOANED FALL \$100,000

Edward L. Doheny, Lessee of Two Naval Reserves, Testifies in Senate Teapot Dome Inquiry

LOAN MADE "PERSONALLY"

Declares It Was Purely "Friendly Transaction" And Had Nothing To Do With Two Leases

(By United Press)

Washington, Jan. 24—Edward L. Doheny of Los Angeles, lessee of two naval reserves told the senate committee today that he loaned \$100,000 to former Secretary of the Interior Fall.

Doheny said the loan was made "personally" on November 31, 1921. Doheny said it was purely a "friendly transaction" and had nothing to do with the two leases, he obtained from Fall.

Doheny made his statement in written form. He said he had not told of the loan previously because he had not been asked about it by the committee.

Doheny was accompanied by Gavin McNab, his counsel.

Doheny came from New Orleans, having left there in advance of former Secretary of the Interior Fall who has been subpoenaed by the committee. Fall is due here sometime today.

Fall made the leases to Doheny as well as that of Teapot Dome to the Sinclair interest.

On hearing of Doheny's arrival, Senator Lenroot, Wisconsin, called a meeting of the senate public lands committee for 2 p. m. to hear Doheny's testimony. Doheny refused to discuss the statement he was to make to the committee. He said he knew nothing about Sinclair and that the leaves under which he holds California reserve old leases were all right.

Fall probably will not arrive in Washington before late today or early tomorrow.

Senator Walsh, Montana, went to the Union Station today after Doheny arrived on his private car but said he did not see Doheny who was in seclusion in a hotel.

"I am satisfied Doheny will tell all the facts about the leases he is concerned in," Walsh said.

Senator Lenroot, chairman of the Public Lands committee, asked Walsh for a conference and the two went into Lenroot's office.

Fall and Colonel J. V. Zeverly, Sinclair's Washington attorney are due in Washington at 10:20 tonight, according to a telegram received here from the train on which they are traveling. Both Fall and Zeverly.

PENSION FOR LOCAL BOY PROPOSED IN BILL

Provides For Payment of \$50 A Month To Robert O. Crim On Account of Loss of Both Hands

IN ACCIDENT AT CAMP KNOX

Senator James E. Watson has introduced a bill in the United States senate, known as Senate Bill 2007, providing for a pension of \$50 a month for Robert Owen Crim, son of Mr. and Mrs. Frank Crim of this city, who lost both hands in an accidental explosion of a bomb while a member of the Citizens' Military Training camp at Camp Knox, Kentucky, on August 27, 1922.

The bill was read twice and referred to the committee on pensions. John H. Kiplinger, commander of Rush post 150, of the American Legion, and adjutant of the Indiana department of the Legion, was instrumental in bringing the matter to the attention of Senator Watson.

Mr. Kiplinger attempted to have young Crim classified as a member of the military service so that he could receive treatment in a government hospital and have a chance to take up government educational work for disabled veterans, but failing in this, he asked Senator Watson to introduce the special pension bill, which will in all probability receive the approval of the senate.

Young Crim, along with other Rush county boys, was taking a period of student training in the Camp Knox when the accident happened.

PRINCIPALS MEET FRIDAY

Committee Visiting Hendricks County Schools Will Make Report

The Rush county high school principals will hold their regular monthly session here Friday afternoon at one o'clock, meeting in the office of Birney Farthing, county school superintendent.

Mr. Farthing will explain to them the observations that he made Wednesday in Hendricks county, where he and a delegation of township trustees visited, in the interest of music work in the schools, under one expert supervisor.

Miss Mary Sleeth, librarian, also will appear before the principals and discuss plans for a circulating library which is favored by the township trustees.

NINTH JUDGE IS NAMED FOR CASE

Thomas E. Davidson of Greensburg Selected to Hear Herkless Damage Suit Against City

IN COURT FIFTEEN YEARS

No Decision Returned in Injunction Suit of Capitola G. Dill Against Street Paving

The oldest case on record in the circuit court, in which Arvel Herkless is plaintiff and against the City of Rushville, a damage suit demanding \$3,000 judgment, has a new judge today to try the cause, and incidentally the new judge is the ninth to be selected. The attorneys decided upon the appointment of Thomas E. Davidson, an attorney of Greensburg.

Several weeks ago when Judge Gause of Newcastle relinquished jurisdiction on account of his appointment to the Supreme court, it was necessary to name a new judge, and a list of three was submitted.

Those three jurors were Fremont Miller, judge of the Johnson circuit court; Judge Robert Murray, judge of the Delaware superior court, and the Greensburg attorney, who was selected today to try the cause.

The damage suit against the city involves the Arthur street improvement, and dates back 15 years. During that time the case has been in court and before many judges, but has never been completely decided. During the World War trouble was experienced in obtaining a judge, and several judges declined the appointment.

The Greensburg attorney, although selected, may refuse to try the case, and in this event it will require another list to pick from as triers.

Court business is nearing a completion for the November term, and the records are being closed out this week as the term ends Saturday. Next week will be vacation in court, and the February term begins February 4.

A court matter was heard this morning in which Walter E. Smith was given judgment against John A. Sparrier, the complaint being to foreclose on a chattel mortgage. The judgment was for \$403.04 and the foreclosure ordered.

No decision has been made in the case of Capitola G. Dill against the City of Rushville, an injunction suit, following the completion of the evidence, and which is under advisement by the court.

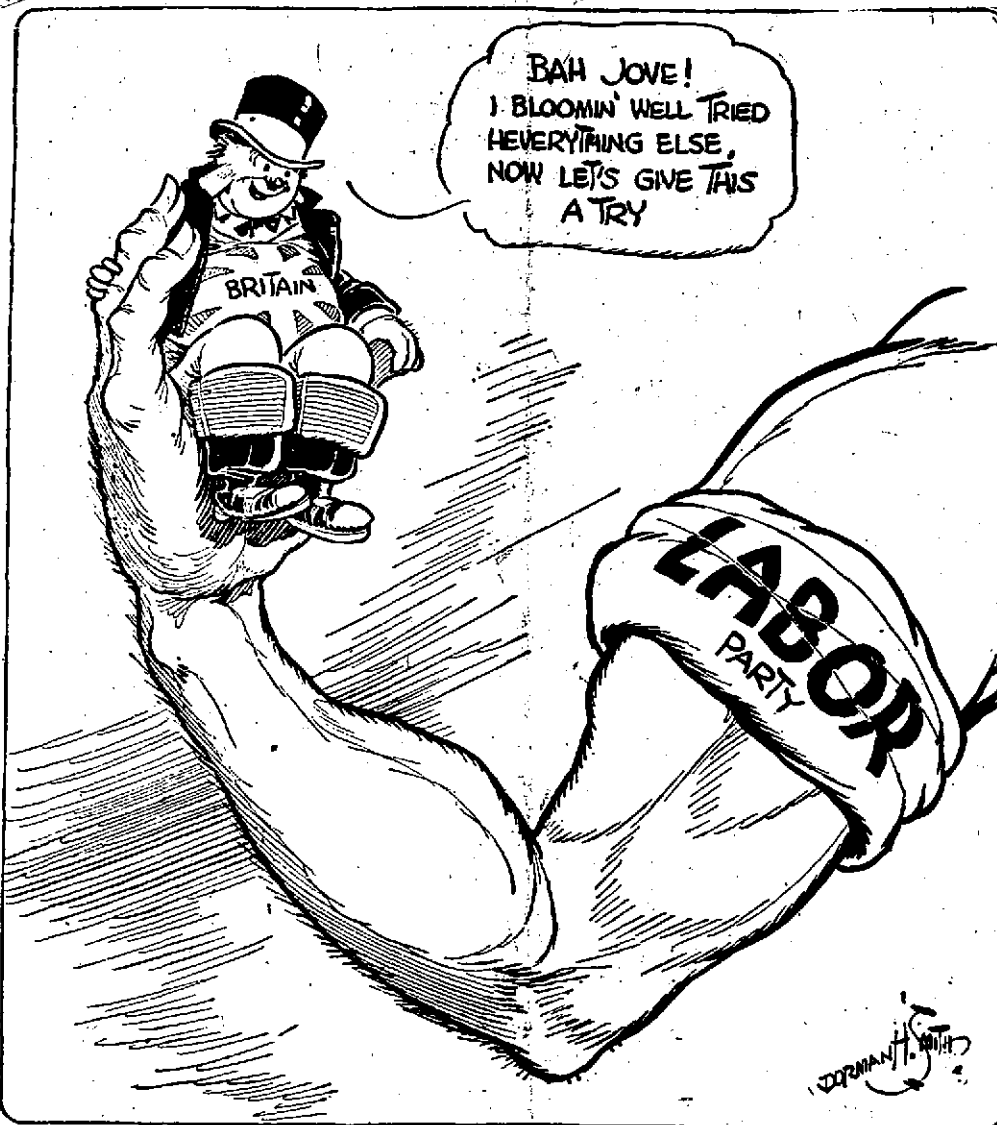

INSTITUTE SET FOR SATURDAY

Meeting Will be Combined With One Postponed Two Weeks Ago

The regular teacher's institute will be held Saturday at the court house, it was announced today, and this session will be a double program, including the session of two weeks ago which was postponed on account of the furnace trouble in the court house.

Two sessions will be combined in one, and all teachers in the county are urged to attend the important meeting. The regular instructors will be here for their classes.

IN NEW HANDS

CHARGES TARGET OF M'CRAY FORCES

Governor's Attorneys Attack Legality of Indictments in Hearing on Motion to Quash

AN OMNIBUS INDICTMENT

Federal Grand Jury Expected to Begin Investigation of McCray's Affairs February 11

(By United Press)

Indianapolis, Ind., Jan. 24—Legality of the indictments against Governor McCray was attacked by his attorneys in the hearing today in a motion to quash the indictment before Judge Collins in criminal court.

Michael Ryan, one of McCray's attorneys, described the forgery indictment as an omnibus indictment and declared it contained charges of separate crimes, each count being given to a separate alleged act of forgery. The state law forbids trial on an indictment containing charges of separate crimes, Ryan said.

Clarence W. Nichols, special prosecutor, contended there were numerous court decisions that separate charges of a like crime may be joined in one indictment.

McCray's corps of legal defenders, headed by James W. Noel, contended that the indictments were improperly drawn and that many of the facts set forth in the instruments were hazy and of questionable value.

Clarence W. Nichols, special prosecutor, regards the indictments as proof against the legal attack of McCray's attorneys.

Judge Collins has indicated he will rule on the motion at an early date.

The federal grand jury is expected to begin an investigation of the financial affairs of Governor McCray at the session starting Feb. 11.

Although Homer Elliott, United States district attorney, refused to say definitely whether McCray's case would be investigated then, the report from Fort Wayne that the Lincoln National Bank had been summoned to send a representative to appear before the grand jury was taken as a direct confirmation of reports that the federal probe was ordered.

The investigation is expected to reveal whether there was any violation of the postal laws in statements issued by McCray relative to his financial condition.

Postoffice inspectors have been making a preliminary investigation for some time.

You May Get Chilly Answer If You Call Telephone Girl

If you should chance to get a chilly answer when you call long distance or "trotter" at the Rushville telephone office, don't get angry—because there's a reason.

The telephone operators are draped in furs and wraps and when they can snatch a moment away from the switch board, they are huddled around the small gas radiator that has been set up in the operators' room.

It's all because a section of the boiler in the telephone building heating plant "went out" Wednesday. With it went the fire and the heat. Company employees went to Indianapolis for repairs, returning home late in the afternoon.

Repairs were made and a fire started and it was then discovered that two other sections of the boiler were leaking. Repairs for them were brought back late last night and it was hoped that there would be heat in the building by night.

FARMERS OF POSEY ENTERTAINED TODAY

Representative Men of Township Are Guests of Kiwanis Club at Noon Luncheon

A. L. GARY THEIR SPOKESMAN

The Kiwanis Club today at their noon luncheon entertained the representative farmers from Posey township, resuming the program of entertaining the township delegations which was inaugurated last year by the club, and ten guests were present for the meeting.

A. L. Gary, although a resident of this city, was with the Posey township delegation, and acted as spokesman for them. Paul T. Allen extended the address of welcome to the visitors and Mr. Gary responded, and introduced each guest, and called attention to the fact that practically every Posey township visitor was a descendant from a pioneer settler of the community.

The guests from the township today were A. C. Lee, Thomas Byer, John Stark, Walter Draper, R. Y. Jordan, W. V. Nelson, Zeno Hodge, Floyd Woods and J. P. Downey.

Other guests today were H. S. Davis, a Kiwanian of Knightstown, Earl Ward of Indianapolis and A. P. Waggoner of this city.

HECKLING MARKS MINERS MEETING

Charges of "Railroading" Resolutions Practically Block Transaction of Business

RADICALS MUSTER FORCES

Attack Report of Credentials Committee And the Work of The Resolutions Committee

Indianapolis, Jan. 24—Constant heckling of speakers and charges of "railroading" resolutions practically blocked transaction of business at the United Mine Workers convention today.

The radicals, voted down twice yesterday, mustered their forces in an attack on the report of the credentials committee and on the work of the resolutions committee.

Amid hoots and cries of derision, from the radical wing, the delegates approved the action of the credentials committee in unseating Joseph Chieffini, of District No. 4, Pennsylvania because he belonged to a dual organization. The vote was 866 to sustain the committee by a narrow margin.

The resolution demanded that all measures be read as presented, and charged that "injustice was being done the rank and file by revising resolutions to read differently.

By GERALD P. OVERTON

(U. P. Staff Correspondent)

Indianapolis, Ind., Jan. 24—Proposals for the new working contract for bituminous miners were under consideration today by the scales committee of the United Mine Workers' convention.

The committee at its first meeting last night sent over resolutions dealing with the new contract.

THREE IN AUTO CRASH

Automobile Topples Over Embankment Near Kansas City

Kansas City, Kansas, Jan. 24—Three persons were killed when their automobile crashed over an embankment near here last night.

The dead: Captain Robert T. Hayes, 28, quartermaster at Fort Leavenworth, Mrs. Ethel Broadhurst, 37, wife of Major Hugh Broadhurst, of Fort Leavenworth.

Mary Jane Broadhurst, 12, her daughter.

TO GIVE A LINCOLN MEDAL

Large Bronze Prize Offered For Best Lincoln Essay

A large bronze medal, with Abraham Lincoln's picture engraved on one side, will be given to a pupil in the Rushville city schools for the best essay on the martyred president, it was announced today by the Illinois Watch Company of Springfield, Ill., and the medal, which is a handsome piece of jewelry, enclosed in a plush case is on view in the window at the Kennard Jewelry store.

The name of the winner will be engraved on one side where a space for that purpose is provided. The details for the essay contest will be announced in a few days in the local schools.

ODD FELLOWS HERE TO HONOR OFFICERS

Tri-County Session Opens And Work In Three Degrees Was To Be Given

VISITORS TO BE ENTERTAINED

Odd Fellows from Fayette, Henry and Rush counties were arriving this afternoon to attend the Tri-county encampment of that order, and it was expected that by tonight, every lodge in these three counties would be well represented.

The meeting here today was in the nature of a celebration for each county, as the three highest offices in the state are held by men from these counties. The program began at 2:30 this afternoon when the Patriarchal degree was conferred on a large class, numbering near 30 candidates, and this work was in charge of the Knightstown lodge.

The Connersville staff also was scheduled to have charge of the Golden Rule degree. Supper for the visiting delegations is to be served at the Christian church tonight.

The Arlington staff will confer work tonight and the honored officers will be presented and make short talks. Those honored at the meeting by the three counties are Frank McIlwain, Grand Patriarch, Rushville; Joseph V. Painter, Grand Senior Warden, Middletown; Earl Lines, Grand High Priest, Connersville.

The delegation from Connersville arrived at two o'clock this afternoon on a special I & C. traction car.

VETERAN COBBLER EXPIRES SUDDENLY

William H. Hedges, 80, Formerly of Rushville, Dies of Heart Disease In Indianapolis

LEFT HERE 32 YEARS AGO

William H. Hedges, familiarly known in Indianapolis to a wide circle of friends as "Pop," but more generally known in Rushville, where he formerly lived, as "Billie," died Wednesday afternoon suddenly of heart disease at the home of his daughter, Mrs. Willa Annis, 3729 North Illinois street, Indianapolis.

The deceased has been engaged for a number of years as a builder of odd sized and metal tipped shoes in a shop upstairs opposite the Terminal Traction station in Indianapolis. He was a shoe cobbler while a resident of this city and is remembered by many older residents of Rushville.

Mr. Hedges was 80 years of age. He was born in Maysville, Ky. He was a soldier of the 83d Ohio volunteers and saw active service throughout the four years of the civil war. He was a pioneer shoe builder and worked at his trade for more than fifty-five years. He went to Indianapolis to live thirty-two years ago. He was a member of the Gordon post of the G. A. R.

Mr. Hedges is survived by a daughter, Mrs. Florence Swieher, Cleveland, O., and another daughter, Mrs. Willa Annis, Indianapolis. Burial will be in Crown Hill, but the time of the funeral will not be set until word is received from the daughter in Ohio.

INSTITUTE HELD AT MAYS TODAY

Most Elaborate Program of Week's Meetings Is Followed, With Long List of Awards

ORANGE HAS GOOD CROWDS

New Officers Are Elected for Men's and Women's Sections—Milroy Institute Is Next

Activities in connection with the township institutes, that are being held in Rush county this week, centered today at Mays, where Center township farmers gathered at the opera house for an all day session, following a program Wednesday night which officially opened the institute.

The Mays institute is regarded as one of the best in the county. The most extensive premium list of any in the county is offered at this institute and the judges were busy all day awarding the prizes in the boys' corn judging contest men's corn, wheat, potato and apple classes and in the ladies' department, where prizes were offered for many varieties of bread, and cake, and on butter, eggs, pie and doughnuts. There was also a judging contest for girls eighteen years old and younger.

Good crowds featured the annual Orange township institute, which was held Wednesday at the Big Flatrock Christian church, and which closed with the election of officers late in the afternoon. Addresses by Mrs. William Goldsmith of Spencer, Ind., and F. L. Kem of Marion, Ind., were very much appreciated. Musical numbers also helped to make the programs more enjoyable.

Robert Campbell was elected president of the institute; Claude Sullivan vice-president, and J. T. Thrall, secretary-treasurer. Mrs. Claude Sullivan was elected president of the ladies' department of the institute; Mrs. Bertha Phillips, vice-president; and Mrs. Robert Campbell, secretary.

The Mays institute opened Wednesday evening at 7:30 o'clock with music by the orchestra, following the invocation. Other numbers were: Reading, Mary Elizabeth Bowles; whistling solo, Avis Scott; reading, Mary Katherine Huddleson; music by a mixed quartet; reading, Mrs. T. L. Baker; motion pictures.

Other numbers on the program today were: Reading, Miss Frances Benner; music by the male quartet, address, "Who Should Farm and Who Should Not Farm," F. L. Kem; vocal solo, Mrs. Ewart Collins; "Economy, Efficiency and Enjoyment in the Home," Mrs. William Goldsmith; appointment of committees, followed

FAMILY SUNDAY TO BE OBSERVED AT MANILLA

Fine Bible Will be Given to Family Having Largest Attendance at Methodist Church

REVIVAL IS IN PROGRESS

The Manilla Methodist church is making big preparations for their services Sunday, which will be held in connection with the revival services that have been held there for three weeks. "Family Sunday" will be observed Sunday, and an effort is being made to have the entire family of each church member present for the meeting.

A fine Bible will be given to the largest family present at the Sunday services, which will begin at the morning worship hour. The afternoon services will be devoted to an old fashioned "Love Feast" at which bread and water will be served. This will be followed by the Epworth League, which will hold open house, with a program and light refreshments.

The three weeks services have been highly successful, according to the minister, the Rev. O. E. Halev, who has charge of the preaching, and he is being assisted by the Rev. Herbert Bassett of Moores Hill, who also is the chorister.

In all probability the services will continue throughout next week, depending upon the outlook of the weather.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel. Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers. Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative. No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action. If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime. Thousands take them every night just to keep right. Try them. 15c and 50c.

INSTITUTE HELD AT MAYS TODAY

Continued From Page One
by noon intermission and lunch. This afternoon Mrs. Goldsmith was scheduled to speak on the subject, "Meeting the Needs of Our Farm Boys and Girls", and Mr. Ken's subject was "Meeting New Conditions in Agriculture." Entertainment for this afternoon consisted of a reading by Mrs. Helen Gray and a violin trio by Steel Brothers and A. K. Peters. Institute activities will be transferred to Milroy Friday and the speakers on the program will be Mrs. W. C. Roberts and William Madigan. The same speakers will be at the joint institute for Richland and Noble townships at New Salem Saturday. Entertainment has been provided for both institutes.

PLACING LARGE STEEL ORDER

Orders of Auto Manufacturers Sufficient to Indicate Confidence in The Outlook for 1924

GREATER THAN JANUARY 1923

Elimination of Concessions in Steel Industry Indicated The Trend in All Business

By BRUCE SHORT
(Written for United Press)

Indianapolis, Ind., Jan. 24—One of the brightest stars on the industrial horizon is the fact that the automobile manufacturers are placing their orders for steel and materials now in greater volume than in January of 1923. The increase is not great, but it is sufficient to indicate a confidence on the part of the manufacturers in the outlook for 1924.

Some have ordered their steel and materials for the first quarter of the year. Others have ordered for the first half and a few have placed their orders for the entire year.

This does not mean that the orders for the entire year cover all material that goes into the manufacture of an automobile, but material for some parts of the cars have been ordered for a three month or six month production.

Those manufacturers who have ordered for some months in advance have taken advantage of concessions in price that are always prevalent at this time of the year. The concessions have been principally from the independent mills, and as soon as the producers have sufficient tonnage on their books, the concessions will be wiped out and the price will be quoted in line with the corporation prices. In effect this amounts to an increase in steel prices although technically it is a case of holding to the published price quotations.

Elimination of the concessions in the steel industry indicates the trend in all business. In many lines of business the prices will be reduced to the consumer, but this will take place only where the margin of profit has been too large and keep competition forces a price out.

Automobile prices have already been reduced. Other lines of endeavor will follow this same course, but the price reduction will be due to a lower margin of profit rather than a reduction in the price of steel or other basic commodities entering into their production.

WESLEY M. E. REVIVAL

The Rev. F. R. Arnold preached Wednesday night at the Wesley M. E. church, from the text, Revelations, 3:20, the topic being "Behold I stand at the door and knock; if any man hear my voice, and open the door, I will come in to him, and will sup with him, and he with me."

There are three things of interest here, commented the Rev. Mr. Arnold. "They are, first, 'Christ asks for admission.' Second, the door opened, and thirdly, His entrance and a great feast. What is the door? It is the closed heart of man. Who is it that knocks? It is an exalted Christ. What does He desire? Entrance. What are His knockings? All the providences, the direct invitation of His written or spoken word, in brief, what ever sway our hearts to yield to Him and enthrone Him." The speakers subject tonight will be, "Unshut Gates." The public is invited to attend these services.

CONFUSES OFFICIALS WITH ANOTHER STORY

Warren J. Lincoln, Who Confessed Killing His Wife, Now Says That She Is Alive

STICKS TO STORY ABOUT SHOUP

(By United Press)

Anrora, Ill., Jan. 24—Warren J. Lincoln, recent attorney-gardner and distant kinsman of Abraham Lincoln, today confused authorities with a new and different story.

Lincoln who several weeks ago confessed his killing his wife after she had murdered Byron Shoup, her brother and admitted burning the bodies of both in his greenhouse furnace now says his confession is a fabrication—now says his wife is alive but that Shoup is dead.

Extending his slender hands towards detectives who questioned him, Lincoln asked:

"Do you think those hands ever did hurt? I never killed anyone."

Lincoln's wife and brother-in-law disappeared in January 1923. At that time he told neighbors they had run away from him.

In April of the same year, Lincoln himself disappeared, leaving behind evidence indicating he had been murdered. He re-appeared two months later with a story that he had been kidnapped and drugged by his wife and Shoup.

BUYS FARM IN CENTER

Rolla Grocox has sold his farm in Shelby county consisting of eighty acres for \$15,000 and has purchased a farm in Center township this county.

11-MONTHS-OLD CHILD DIES

Daughter of Mr. and Mrs. Guy Morgan, South of Richland Expires

Mary Florence Morgan, eleven months old daughter of Mr. and Mrs. Guy Morgan, living south of Richland, died this morning about 9 o'clock, death resulting from whooping cough and pneumonia. The child is survived by the parents, 5 brothers and 4 sisters. The other children and the mother are suffering with whooping cough, and one other child age two, is in a serious condition.

The funeral services will be private, Saturday morning at 10 o'clock at the residence, in charge of the Rev. Mr. Pickett, and burial will be made in the Presbyterian cemetery near Richland.

FOUR ON TACOMA KILLED

Washington, Jan. 24—Capt. H. S. Sparrow and three men aboard the ill-fated cruiser Tacoma, were killed by heavy wreckage as they stood on the main deck of the ship shortly after daybreak on January 21, a report from John Wood, American consul at Vera Cruz received at the navy department here stated.

Bronchitis in This Case Cut Indurance in Half

CHIROPRACTIC HEALTH TALK — No. 50
By H. V. McCully, D. C., Ph. C.

A gymnasium instructor became exhausted and caught cold. The cold was neglected and it became a chronic bronchitis with cough. In the gymnasium was an apparatus for measuring lung capacity. This athlete had readily run the register of cubic inches to 350. But while suffering with bronchitis this capacity was reduced to 175 cubic inches. Bronchitis had cut the natural endurance and breathing ability in half. The Chiropractor ordered complete rest along with adjustments, and recovery followed.

The catarrhal discharge from the bronchial tissue had so filled the breathing space that the lungs were cut half of their normal capacity. When normal carrying capacity of the nerve lines to the bronchial region was restored by adjustments, the natural vigor of the tissues soon cleared the condition.

Cronchial Health Is Restored Again

"My bronchial tubes were badly affected. There was pain and tightness when I coughed. Before trying Chiropractic I had been under the care of physicians from coast to coast. I was advised to have my tonsils removed, but am glad I didn't as it proved to be unnecessary. Under Chiropractic my condition gradually cleared, and I am writing this to express my gratitude for relief I could have enjoyed in no other way." — Mrs. David H. Forbes. Chiropractic Research Bureau, Statement No. 1381F.

THURSDAY, JANUARY 24, 1924

When thou passest through the waters, I will be with thee; and through the rivers, they shall not overflow thee; when thou walkest through the fire, thou shalt not be burned; neither shall the flame kindle upon thee.—Isaiah 43: 2.

A World Flight

So rapid and spectacular has been the development of American aviation lately, under the stimulus of governmental encouragement, that it is hardly surprising to hear of the War Department's plan for a world-circling flight next spring.

Five planes of a new type will be used in this venture, if the recommendations of Maj. Gen. Patrick of the Army Air Service are carried out. He is sure they are capable of the trip, and "expects every one of the planes to make a perfect record."

The proposed route is westward, across the continent and north to Alaska then across Bering Strait and down the coast of Asia, from island to island, until India is reached, thence to Persia, back northward to Scandinavia, over the Atlantic to Greenland and south to the starting place.

The new planes are said to be capable of continuous flights of 2,000 miles without refueling, and the longest "hop" over water need not be more than 1,000 miles. That makes the plan look feasible even if some of the planes do fail of a "perfect record", provided care is taken to have supplies of fuel and oil and facilities for repair and replacement of parts at every important stopping place.

This would be a logical following up of the flight across the Atlantic successfully undertaken by the United States Navy a couple of years ago with a seaplane.

Such efforts serve admirably to promote the general progress of aviation, while adding to the fighting efficiency of our air service. It is a kind of pioneering in which the government may well engage quite aside from its military value, because of the immense utility possible in this field for purposes of peace.

An Example to Follow

Little Cuba has set an example

**Children's Colds**
Better treated without dosing

Apply Vicks to throat and chest. A warm glow follows. Medicated Vapors are inhaled for hours after—Camphor, Menthol, Eucalyptus and Turpentine! It breaks the congestion. This outside treatment is just as good for all the cold troubles of all the family.

VICKS VAPORUB
Over 17 Million Jars Used Yearly

that countries on the other side of the Atlantic might try to follow instead of devoting their energies to stirring up another conflict.

Cuba paid off the \$10,000,000 she owed Uncle Sam, with interest. This is a small sum compared with what any other nation owes, but the amount counts little. It is the spirit that the little island government has shown.

No other nation, except England, has exhibited any signs of acting like they would settle, and there is still a small minority in this country that has the timidity to mention cancellation of the war debts owed to United States.

More than seven billions of dollars owed to us by countries, which we befriended in time of stress, and no sign of payment more than five years after the war ended.

A very small part of this amount would solve the soldier's bonus problem and make federal tax reduction a simple case in mathematics.

Do you agree with international bankers that we should "forget" the loans in order to "take our place in world affairs?"

Do you want to "buy bonds till it hurts" again to finance European quarrels?

One experience like this ought to be enough.

Tom Sims Says

Denny plans to send the airship Shenandoah to the North Pole next spring. Can't go now because the North Pole is in the United States.

Men's spring straw hat brims are so wide a few fit a street car and only nine make a dozen.

Spending the winter in Africa will remove goose pimples.

"Jazz is like measles," says Kentucky University music head. But it is much more catchy.

Adding tabasco sauce to the coffee will keep it hot.

Don't let your husband or furnace go out on a chilly night.

French fighters have been ordered not to kiss at the end of a fight. All danger is being taken out of the boxing game.

Many of New York's theatrical productions fall because they have no show.

Tax dodging or auto dodging keeps most of us up in the air.

It must be awful to feel grouchy and have nothing to kick about.

From The Provinces**He's Never Free With Speech**

(Pittsburg Gazette-Times)

While it is alleged that free speech often is suppressed in America, whatever the situation may be it does not discommode President Coolidge a particle.

An Endless Chain Job, Eh?

(New York Tribune)

Perhaps after General Butler drives all the Philadelphia crooks across the river to Camden he can get a job there driving them back.

Not Even Interesting is True

(Houston Post)

Now it is announced that Mr. Bryan will place in nomination a Florida man for the Presidency. But who cares, anyway?

Zero is Praise

(Greenville Piedmont)

The ultimate consumer is the one who cannot pass the buck.

WOUNDED

The great dirigible Shenandoah, photographed in her hangar at Lakehurst, N. J., after a wild ride on the crest of a 70-mile-an-hour gale. The nose of the ship was torn off, and a great rip made in her side. An inquiry will determine the cause of the accident.

The Hodge - Podge

By a Paraphraser with a Soul

Golden opportunities generally are found in clouds with golden linings.

Cuba is small but mighty, as evidenced by the way she pays her debts.

Good looks and good manners should be twins, but they don't always go together.

Can't blame Uncle Sam for not recognizing Russia when she doesn't recognize her financial obligations.

The battle to reduce taxes will surely have the support of everyone who can read and figure.

Trying to impart knowledge to the fellow who knows it all is lost energy because he can't absorb it.

A boaster is all right, so long as he sticks to his home town.

Many a dull man is not so dull if bright enough to keep still.

Failure to reduce taxes may result in the use of axes by voters to chop off a few congressional heads.

Skirts will be shorter this spring—and necks will be longer.

SAFETY SAM

Winter's the season when, if a feller don't watch his footin', he's liable to work up 'til he's a fall guy!

LARGE HONEY FLOW IN PROSPECT FOR INDIANA

Indianapolis, Jan. 24—A large honey flow is in prospect for Indiana this year, C. O. Yost, state apiarist, predicted today.

Yost based his forecast on reports from throughout the state that the clover plants were more hardy and had stored more plant food during the long growing period last fall than in about eight years.

The cold has not affected the clover plants so far, he said. The time most to be feared is the freezing and thawing season of February and March, which, he said, may have some effect up on the crop.

Plants are sometimes weakened by the freezing and thawing, partially ejecting the plant roots from the ground, Yost declared. However, he said, little fear need be felt on this account this year, as the plants are unusually healthy.

To prepare for the increased harvest of honey, Yost suggested that bee keepers buy necessary equipment in anticipation of the rush of work which will be caused by the yield.

He also advocated strengthening weak colonies at this time by the purchase of a few pound packages of bees to add to the hives.

A one pound package added now to a weak colony will enable the keeper to have a good colony in time for the clover flow.

LaFayette, Ind., Jan. 24—Hunting still affords a chance for plenty of exercise, but most of it is spent in hunting, not the elusive game, but a place where hunting is allowed, in this vicinity. "Keep Out" signs are effectively limiting the happy hunting grounds of the Tippecanoe county braves.

Hunting Places To Hunt, Newest Sport

LaFayette, Ind., Jan. 24—Hunting still affords a chance for plenty of exercise, but most of it is spent in hunting, not the elusive game, but a place where hunting is allowed, in this vicinity. "Keep Out" signs are effectively limiting the happy hunting grounds of the Tippecanoe county braves.

Shades of 1917!

Looks like 1917 has come back. Photo shows part of the 3000 marines embarking for a two-months cruise to the Caribbean Sea. They left Quantico in two transports, the Henderson and the Chaumont.

FIFTEEN YEARS

AGO TODAY

From Daily Republican
Monday, Jan. 25, 1909.

The warm, balmy spring-like variety of weather which is visiting Rushville just now will probably stay for several days, according to the weather man. Yesterday the mercury stood at 70 degrees about the middle of the afternoon and the thermometer really thought that summer was with us once again.

While playing in the house with a lead pencil in her mouth about seven o'clock last Saturday evening, Ruth, the five-year-old daughter of Rev. and Mrs. W. H. Baldrige, collided with a swinging door and ran the sharp point of the pencil down her throat and into one of her tonsils. The wound bled profusely for a short time and caused the little girl much pain.

Lieut. Governor Frank J. Hall was here Sunday and spent the day in rest—that is, as far as it was possible. Judge Hall is probably the busiest man in Indiana at this time. Everybody who has a claim or request rush to him, for his good nature and clever disposition is state-wide.

While hunting last Saturday, Tohe, the seven-year-old son of Mr. and Mrs. Wade Innis, of Milroy shot himself through the thumb with a 22 caliber rifle. He and his companion, Carlos McKee, were out along the creek looking for game when the accident occurred.

Miss Alice Winship, who is a student in Indiana University, spent several days last week with her parents, Mr. and Mrs. John Winship in West Fifth street.

Miss Mary Bell Harrison returned to her home in Shelbyville today after a short visit with Miss Jessie Monjar in West Eighth street.

Mrs. Ira Hilgoss of Anderson is here on account of the illness of her daughter, Mrs. Dan Matlock.

Misses Helen Black and Marjorie Smith entertained the Wescoarian club with a six o'clock dinner at the home of Miss Smith in North Main Street Saturday evening.

Mr. and Mrs. Bert Simpson of Indianapolis were the guests of Mr. and Mrs. W. T. Simpson in North Jackson street yesterday.

Mr. and Mrs. T. M. Friend entertained at a family dinner yesterday. Mr. and Mrs. Ulie Friend of Indianapolis, Mr. and Mrs. Ralph Friend and family and Mrs. Sarah Giffin.

Mr. and Mrs. George Conolly of Indianapolis are the proud parents of an eight pound boy, Mrs. Conolly was formerly Miss Lola Wright of this city.

Women Sewing On More Patches Than Formerly

Warsaw, Ind., Jan. 24—Mending tissue, thin strips of rubber, once popular with every tailor and seamstress is losing favor. While patches are admittedly not as numerous as they used to be, the decrease in their number is not the real cause for the disappearance of mending tissue, according to Warsaw tailors.

The real reason—that modern grandmothers, mothers and flappers are more expert with the needle than were the girls in the early history of Indiana. Another reason is that they will not last for any length of time before being used without deteriorating. Anyway, many seamstresses and tailors have entirely discarded it.

Terre Haute—William Hockett, 18, has confessed to the theft of between 35 and 50 automobiles, according to police. He admitted he averaged a car every other night, police said. In each instance the car was later found undamaged.

When You Catch Cold Rub on Musterole

Musterole is easy to apply and it gets in its good work right away. Often it prevents a cold from turning into "flu" or pneumonia. Just apply Musterole with the fingers. It does all the good work of grandmother's mustard plaster without the blister.

Musterole is a clean, white ointment, made of oil of mustard and other home simples. It is recommended by many doctors and nurses. Try Musterole for sore throat, colds of the chest, rheumatism, lumbago, pleurisy, stiff neck, bronchitis, asthma, neuralgia, congestion, pains and aches of the back and joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet—colds of all sorts.

To Mothers: Musterole is now made in milder form for babies and small children. Ask for Children's Musterole. 35c and 65c, jars and tubes; hospital size, \$3.00.

Better than a mustard plaster

READY FOR INVASION

NEWSY GOSSIP IN THE WORLD OF SPORT

INDEPENDENTS WILL
PLAY AT FALMOUTH

HITTIN' 'EM AND MISSIN' 'EM

One more day until the Lions make the Ikkniks take to their heels. Judging from their appearance, they must be fast birds when it comes to a retreat. Let's make 'em holler Oik, Oik, Oik until it can be heard over here.

— OIK, OIK, OIK —
— EAT THOSE IKKNIKS —
The Ikkniks grabbed the Newcastle Roses without getting hooked on a thorn which demonstrates that they have a system of doing things.

— OIK, OIK, OIK —
— EAT THOSE IKKNIKS —
These Fowls Are Foul Getters
Watch your fowls, Lions. Remember that the Ikkniks are fowls in themselves, and made 13 points that way up at Newcastle.

— OIK, OIK, OIK —
— EAT THOSE IKKNIKS —

Newbold and Lakin have been working out at the center position this week, on account of the injury Walker received. "Buzz" may get in the game for a time, but gosh, ain't it some satisfaction to know that the Lions have plenty of reserve material.

— OIK, OIK, OIK —
— EAT THOSE IKKNIKS —

We don't know what chance a little Spider will have with a great big Cow, but according to what the Webb bunch tells Hittin' 'em, the Moscow aggregation might as well stay home Friday night, because the score is all figured out against them now. These two teams play at the Graham Annex here Friday night.

— OIK, OIK, OIK —
— EAT THOSE IKKNIKS —

Here's One of The Cows

If you don't know what a cow is, this was sent us by Hash and Hash. Po from down that way, but they forgot to tell us whether it was the captain, forward, center or guard. No, we know it ain't the coach, we know Lonie.

— OIK, OIK, OIK —
— EAT THOSE IKKNIKS —

Carthage, Ind.
Jan. 22, 1924

Dear Mr. Hittin' 'em—
You have not said anything recently about the county barn, which you said you were getting ready. Don't forget that all of the animals in the county are soon coming down to pick out stalls, and save Carthage a nest for the Blue Birds.

Yours,
BLOOEY IKIE
— OIK, OIK, OIK —
— EAT THOSE IKKNIKS —

Well Blooley Ikie, Hittin' 'em was out on the farm today, and the carpenters are working fast on the barn. When this thing started, if we had known what we do now, it would have been an ark, designed by Noah, because some of the county animals can't use a stall. The cold weather delayed the progress on the barn, but it's comin' along fine, and it will be ready next Friday.

— OIK, OIK, OIK —
— EAT THOSE IKKNIKS —

Wishes The Lions Well
Georgie Purcell, writing from away down in Vincennes, wishes Rushville a successful season. Thanks Georgie, we're climbin' up but there's never no tellin' these days, who to expect a trimmin' from. Next to bein' in Con-

nersville Friday night, Hittin' 'em would like to see that serap between Anderson and Vincennes, down at Vincennes, but guess we will have to postpone seeing these teams play until March, like we did last year.

— EAT THOSE IKKNIKS —

CONFIDENCE IN VINCENNES

Vincennes started out slowly this year, but is finishing fast, and after all, the finish is what counts. The Vincennes writer says this: "that Vincennes is going fine now and the impressive records of last Friday and Saturday have convinced me for the first time this year that Vincennes has a chance. We are improving daily and this fact alone is a great factor as I fear some of the top-notchers will feel the effect of the hard games."

— EAT THOSE IKKNIKS —

Indianapolis Ind
Jan. 22, 1924

Dear Hittin' 'em:

You tell the Lions to grab the feathers out of the Ikkniks before they eat 'em, but leave enough of 'em for Shortbridge to work on for Saturday night.

— EAT THOSE IKKNIKS —

The Lionesses play Saturday night The Webb girls will be the attraction.

— EAT THOSE IKKNIKS —

Down at Seymour they call their team the Owls. Probably because they shine at night, but so far Seymour must have played their games in the day time.

The girls are the Owlets.

— EAT THOSE IKKNIKS —

LAST CALL FOR GRAHAM CRACKERS. EVERY RUSHVILLE HOOTER TAKE A BOX FOR GOOD LUCK, AND TURN THE TRICK FOR THE LIONS

— EAT THOSE IKKNIKS —

WOULD BE HARD EATIN'

Over at Connersville, where the windows are painted with "Beat Rushville," someone went down the street and rubbed off the "B", making it read "eat Rushville". It will take a bigger bird than an Ikknik to swallow a Lion, we're thinkin'.

— EAT THOSE IKKNIKS —

WON'T DO ANY GOOD THOUGH

Side Lights, all through his column patterns his article dashes after Hittin' 'em's style, with the words "Tame Them Lions", appearing between each article. Anyway the idea wasn't copyrighted, and you're welcome to it, ole top.

— EAT THOSE IKKNIKS —

By the time that the crowd Friday night gets through making their attack on the rink over at Connersville the building will be moved back into the other block, unless they chain it down to its foundation.

— EAT THOSE IKKNIKS —

A card coming from the Ikknik metropolis, with the printed words, "Beat Rushville Friday," carried a written notation on the other side, "if any you Rushville sports want a bet of \$500, three to one, call phone Main 20,742, or Randolph 32,615." Some local tikers, we are told, called up these numbers and by gosh, the numbers don't run up that far in figures, which shows that someone was bluffin'!

— EAT THOSE IKKNIKS —

Side Lights tells this one: "Principal Butler of Rushville tells Principal Myers of Connersville that he would like to have a thousand more tickets. Now how about a gym to seat 5,000." Hittin' 'em wouldn't be surprised but what 1,000 tickets would soon be taken up over here, if you had a place for 'em, Side Lights. As

KNOTTY PROBLEMS IN BASKETBALL

The Republican has arranged with the Joint Basketball Rules Committee, which promulgates annually the amateur rules governing the game, to answer all questions regarding interpretation of the playing rules. Readers desiring information on any problems which may have arisen during a game can have their questions answered officially by addressing the Joint Basketball Rules Committee, care of this paper. Enclose a self-addressed 2-cent stamped envelope for direct reply.

Ques.—Two substitutes come on the court and both communicate with teammates before play is resumed: Should one foul or two be called? Ans.—Two.

Ques.—Please explain why it is that in basketball a team works the ball into its own territory and throws for its own basket, whereas in other games the object is to carry the ball into the opponents territory. Ans.—When Dr. Naismith originated basketball he used peach baskets into which the ball was to be thrown. The object of the game was to get as many "peaches" as possible into one's own basket. Therefore the object of the game still is to throw the ball into your own basket.

Ques.—In a recent game a player was dribbling, came to a stop with the ball in his hands, then touched a nearby player with the ball and started to dribble again. He claimed this was legal because the ball touched another player between the two dribbles. Ans.—This was a violation of the dribble rule because the ball was not out of the possession of the dribbler when it touched the nearby player. Rule 14, Sec. 11.

Ques.—Is it possible to "block" a player who has the ball? Ans. The term "block" applies to impeding the progress of an opponent who has not the ball. The terms "hold, charge, push, or use unnecessary roughness" may be used to cover personal fouls on a player who has the ball. These latter terms apply also if he has not the ball.

Ques.—A player was about to make a free throw when the crowd hissed trying to disconcert him. The player turned to the referee to see if he was going to do anything about it. The referee said, "Your ten seconds are up" and threw the ball up at center. We lost the game by the one point. Have we grounds for protest. Ans. No. The player should have been attending to his own job instead of helping to referee the game?

Ques.—Some coaches in our section claim that when a player is taken out of the game the personal fouls charged to him are cancelled; if he returns to the game later he has a clean slate. Others claim that when a player is taken out, the substitute takes the player's fouls; and when the substitute runs the total up to four he is disqualified, and the original player may return with a clean slate. Ans.—Both of these are untrue; you can see how the rules would be evaded if either of these could be done. A player's personal fouls are his own property throughout the game.

It is we will be content with the 100.

— EAT THOSE IKKNIKS —

Big pep meeting at Caron's Candy kitchen after school Friday afternoon, before the cars leave for Connersville. Be on hand. Judge Sparks, E. R. Cassidy, Dr. F. H. Green and Dr. Hale Pearsey will lead the yells, and help sprinkle the pep.

— OIK, OIK, OIK —
— EAT THOSE IKKNIKS —

Telephone service from the Connersville gym to this city will give the game Friday night play by play. Caron's Candy kitchen will be the official announcer, and scores also will be given out at the Graham Annex gym, during the Webb-Moscow game.

SECTIONAL WILL BE AT FALMOUTH

One of Centers in Sixth Annual Independent Basketball Championship

ONE OF 28 IN STATE NAMED

Finals Will be Played in Indianapolis Feb. 21, 22 and 23—400 Teams Expected to Compete

Indianapolis, Ind., Jan. 24—Plans are all made, dates all set, in fact, the stage is set for the Sixth Annual Indiana Amateur Independent Basketball Championship, when again the Independent Champions of the Hoosier State will be declared in a "Championship Way."

Wayne Emmelhann, of this city, who is still behind the movement, declares that the number of teams playing in the meets this year will reach close to four hundred.

Twenty-eight sectional tournaments will be held over the state and the winners of these sectional meets will play at Indianapolis on February 21, 22nd and 23rd to decide the state title. Sectional meets are being held at Marshall, Moores Hill, Plymouth, Fishers, Knox, Monticella, Angola, Peru, Morgantown, Hazleton, Midland, Vallonia, Darlington, New Augusta, Warren, Attica, New Palestine, Falmouth, Paoli, Greensburg, Bioknell, Richmond, Yorktown, Cloverdale, Elkhart, Indianapolis, Wabash and Pennville.

The Indiana Amateur Independent Basketball Association has shown rapid growth. When Emmelhann started the project six years ago, twenty teams took part. It has grown by leaps and bounds and it is expected that four hundred teams will take part this year, a gain of a hundred quintets over a year ago.

The ball played in the meets is of the highest class and the association has brought the teams together over the entire state, making it an organization of good fellowship and clean sportsmanship. Ninety percent of the players participating on the independent teams in Indiana are ex-high school players, and the project gives them an honor to play for, as when they were members of a school team.

Last year the Terre Haute Jacks were declared winners of the association. In the year 1922 the American Legion team of Linton won the honors, the Trafalgar Independents carried away the honors in 1921, the Anderson Y. M. C. A. winning in 1920, and the Indianapolis Y. M. C. A. winning the first year.

Every team in Indiana playing independent basketball whose players are amateurs, are eligible for play and are invited to take part in the association games. Teams desiring to participate are asked to write at once to Wayne Emmelhann, 209 West Washington street, at Indianapolis for entry blanks and full particulars concerning the association.

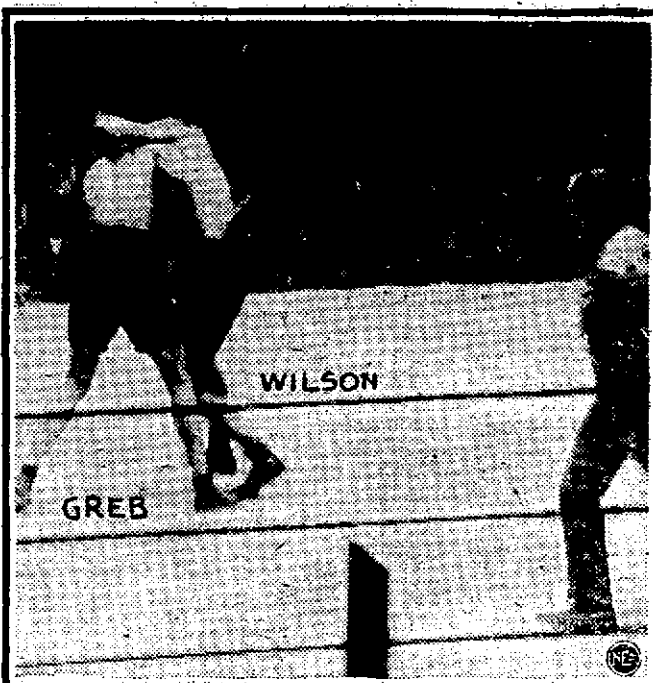

Many of the sectional meets are nearly filled to their capacity and teams are asked to rush in their applicants.

FIGHTS AND FIGHTERS

Buenos Aires—"I'll knockout that Firpo in four rounds." I'm in great shape and ready to go." Farmer Lodge American heavyweight said on his arrival here. He is scheduled to meet Firpo February 15 but he said he wanted it "sooner than that."

New York—Differences between Mike McTigue, worlds light-heavyweight champion and his manager, Joe Jacobs, are expected to be settled today and Tex Rickard hopes to match McTigue with Gene Tunney or Georges Carpentier.

Greb Retains His Title

Clinch! That's what Harry Greb and Johnny Wilson did nothing else but! Greb won the decision after 15 rounds of fighting at Madison Square Garden, New York City, thereby retaining his middleweight title as world's champion.

Sheeing Old Boys From Golf

HENRY L. FARRELL
(United Press Sports Editor)

New York, Jan. 24—Smacks that Age takes against Youth are always featured more than the socks that Youth lands on Age.

Perhaps that is the reason why a subtle but potent punch taken at Age in a speech made recently by Wynant D. Vanderpool, president of the United States Golf Association, slipped by almost unnoticed.

In addressing the annual meeting of the association here early in the month, Vanderpool said in part:

"In spite of the efforts of the eligibility committee, the number of players entering the amateur championship is still large. It is very desir-

able that this event should be played in one week and that the tournament should start on Monday morning. This can be accomplished only by reducing the list of those eligible to compete. It seems fortunate that players having no possible chance of going through should continue to enter. I do not wish to discourage the younger players whose game is constantly improving. My thought is that there are a number of older players, who, even though they qualify, cannot possibly go through the tournament. These, I think, we should try to dissuade from entering because it hardly seems fair to those who really have a chance to be called upon for an extra day's play."

Might that be a move against those who maintain golf is an old man's game?

HOPPE CLINGS TO TITLE

Retains 18.2 Balk-Line Billiard Championship, Defeating Schaefer

Chicago, Jan. 24—Willie Hoppe retains his 18.2 balk-line billiard championship.

After hours of hard play, Hoppe last night won the final block of his 1,500 point match with Jake Schaefer, Los Angeles with a total count of 1500 to 1196.

Hoppe's grand average was 27-4-54. His high run was 182. Schaefer amassed a grand average of 22-8-54 with a high run of 170.

Schaefer had won the first block, 500 to 369 and lost the second 500 to 239.

Hoppe took the lead and maintained it throughout.

New York—Articles for a fifteen round bout against George Marks, California flyweight, were signed last night by Frank Churchill, manager of Pancho Villa, worlds champion. They are to meet in Madison Square Garden on Feb. 8.

Milwaukee—Ernie Goosen and Joey Sanger, featherweights, who meet here Monday night, were back at work training for their bout today, after taking a rest yesterday. Both are down near the weight limit.

INVADE ARLINGTON TONIGHT

Moscow Independents Will Carry Best String of Players

The Moscow Independents will invade Arlington tonight, when they meet the A. C. team for the second time this season. Moscow won the first game, but they expect a hard battle on account of keen rivalry between the two teams. Paul Gosnell, Chester Gosnell and Peck, have been lined up against Wicker, Shook and Gardner for several years.

The Moscow team will line-up as follows: Paul Gosnell and Platt, forwards; Reed, center; C. Gosnell and Means, guards. The combination has not been defeated this season, although the team lost two games early in the season with a different bunch of players.

Chicago—Eddie Kane, manager of Tom Gibbons, St. Paul heavyweight indicated Gibbons will fight an "unknown" at Havana, Cuba, next month. Miami promoters called off the proposed match between Gibbons and Chuck Wiggins, Indianapolis, heavyweight.

Chicago—Batling Siki, the Senegalese, was due here today en route to Minneapolis where he meets Joe Lohman, January 31.

RUSHVILLE FANS TO GETS RETURNS HERE

Arrangements Made For Play-By-Play On High School Basketball Game at Connersville Friday

— EAT THOSE IKKNIKS —

CROWD GOING ON I. & C. CARS

— OIK, OIK, OIK —

Rushville basketball fans, who will be unable to go to Connersville Friday night, can receive the game here at home, play by play over the telephone, as arrangements were made today between the two telephone companies, and they extended this courtesy.

The Rushville company will prepare the telephone wires in the Connersville gym tomorrow, and an open circuit will be kept when the game starts. Play by play will be repeated and arrangements have been made to give out the details of the game at Caron's Candy store. The score also will be announced at intervals at the Graham annex gym, where Webb and Moscow will be playing.

It will be useless for persons to attempt to call Caron's store, because this phone will be hooked up on the long distance wire unit after the game.

Although Rushville was given 100 tickets for the game, there are several hundred left at home who could not obtain a ticket. The Webb and Moscow game will attract many people here.

While the Lions are playing in Connersville, the Rushville second team will be playing at Richmond.

The Rushville delegation leaves on special cars over the I. & C. traction at 4:30, and will return after the game. A pep meeting before the departure will be held at Caron's after school.

— EAT THOSE IKKNIKS —

WIN BY TOP-HEAVY SCORE

Rush County Coaches Team Defeats Letts Independents, 75-15

The Rush County coaches basketball team won by a top-heavy score here Wednesday night on the Modern Appliance floor, defeating the Letts Independents, 75 to 15.

Soon after the game started, it was clear to be seen that the coaches were hitting a fast stride and would swamp the visiting team, and at the half, they maintained a good margin. A game with the Greensburg Y team was scheduled for next Monday, and has been cancelled.

The game last night demonstrated that the coaches are capable of playing fast ball, and before the season closes, it is expected that they will take on some fast company.

OVER 3,000 ROUNDS ARE SHOT

Shoot Attracts Large Crowd Of Sportsmen Here Wednesday

The second shoot held Wednesday on the Harrie Jones farm, just south of Rushville, attracted another large crowd of sportsmen from this county, and over 3,000 rounds of ammunition was shot during the day. Many good scores were made, and the opposition was keen at all times. The shooting began shortly after nine o'clock and continued until almost after dark.

Hilt Staples of Greensburg was here and at noon gave a demonstration of expert shooting, using a rifle and a 20 gauge gun. It is presumed that similar shoots will be held here frequently, as there is much interest being revived, and plans for a Gun Club, similar to one held here years ago, may be taken up within a few weeks.

Janesville, Wis.—Joe Purche and Tommy Lukes fought a 10 round draw.

Basketball 2 Good Games To Be Played at the GRAHAM ANNEX Moscow vs. Webb

Arlington Girls Vs. New Salem Girls

Sat., Jan. 26 ARLINGTON vs. WEBB

Rushville Girls vs. Webb Girls
Admission 35c. Games Called at 7:00 and 8:00

The Rebekah Lodge will meet Friday evening in the lodge room in West Second street. There will be degree work and each member is requested to bring sandwiches.

The Sons of Veterans auxiliary will meet Friday afternoon at two o'clock in the G. A. R. room of the court house, to transact all the business of a regular meeting.

The Advance Literary Club will be entertained with a special program Friday afternoon at the home of Mrs. Willard Amos in North Perkins street. All the members are cordially invited to attend this meeting.

Mrs. Will M. Frazer was hostess Wednesday afternoon to the members of the Tuesday Bridge club at her home in West Third street. Following a most interesting session at cards the hostess served her guests with delicious refreshments.

The Phi Delta Kappa fraternity of Connersville has arranged for a dance Friday evening to be given at the close of the Rushville-Connersville high school basketball game at the Odd Fellow's Hall in that city. Dancing will begin immediately following the game.

Mrs. Floyd Kirklin entertained the members of her card club and invited guests Wednesday afternoon at her home in North Harrison street. The ladies spent an enjoyable afternoon around the card tables playing bridge and as the evening drew the hostess served delicious refreshments.

The W. R. C. held their regular meeting Wednesday afternoon in the assembly room of the court house. After the business session a splendid program of readings and music was given, under the direction of the patriotic instructor, Mrs. Emma Hill-

goss. The program was in celebration of McKinley's birthday anniversary.

The Elisha Arnold Chapter, D. A. R. of Homer, held its January meeting with Mrs. Kathryn Updike of Arlington. The meeting was devoted to year-end reports and election of officers followed by a round table discussion. "Citizens of Indiana, Yesterday and Today." While the members enjoyed a social hour following the program, delicious refreshments were served by the hostess.

Miss Vera E. Mercer, daughter of Mr. and Mrs. James Mercer, of New Salem, and Lowell H. Collyer, the photographer of this city, were quietly married Wednesday evening at the M. E. parsonage by the Rev. H. W. Hargett, pastor of the St. Paul's M. E. church, the ring ceremony being used. They will be at home to their friends at 315 West Third street. The bride is well known in the New Salem vicinity and also in this city. The bridegroom has been engaged in the photography business in this city for a number of years and is the son of Mr. and Mrs. Alfred Collyer of near Falmouth.

Mrs. Ed Billings was a charming hostess Wednesday afternoon to the members of the American Literary Club at her home in East Eighth street. The meeting opened with the reading of the collect and the responses to the roll call were quotations from William Cullen Bryant. After a short business session, Mrs. P. H. Chadwick gave an interesting paper on "New England Literature", followed by a paper on "The Knickerbocker Group" by Mrs. Martha Grindle. The program closed with the bulletin report by Mrs. Florence Abernombie. During the informal social hour at the close of the meeting, the hostess served refreshments.

Attractive Dresses Use Two Materials

How effectively materials may be combined is demonstrated by the models sketched. Tailored frocks use colored crepe or satin to make vestees and collars that add a lighter touch of color. Afternoon dresses are bolder and use almost equal lengths of both materials, so one can scarcely decide which is trimming and which is dress. The frock with the new handkerchief shown here is made of flat crepe and one of the new designs in figured silks.

PERSONAL POINTS

Chester Peck of Moscow was a business visitor here Wednesday.

Mrs. Vern Lewis of near New Salem spent this morning in this city on business.

Mr. and Mrs. Walter Easley and Mr. and Mrs. Charles Green spent Wednesday in Indianapolis.

Mrs. Alice Combs and Miss Clara Dora of Glenwood are spending today and Friday in Indianapolis with friends.

Mrs. Phil Wilk went to Akron, Ohio Wednesday to be the guest of her daughter, Mrs. Wendell Wilkie and family.

Mrs. Percy Stamm went to Greensburg this afternoon for a visit with her parents, Mr. and Mrs. F. M. Seward.

Wallace Beer, of Lafayette, a student at Purdue, is here for a week end visit with his parents, Mr. and Mrs. Ed Beer.

Mrs. E. A. Lee has returned to her home in this city after a month's visit with Dr. and Mrs. H. A. Van-Oslo in Indianapolis.

Mrs. Grace Powell has returned from a four weeks stay at Martinsville to the home of her father, James Alson east of the city.

James A. Caldwell, a student at Purdue University, Lafayette, came this afternoon to spend the week end with his parents, Mr. and Mrs. Fred A. Caldwell.

Continued from Page One
ing with wage and working condition. Some of the resolutions asked a renewal of the wage contract on the present basis, while others demand increases ranging from 10 to 25 percent.

While the spokesman of the committee said they had not gone far enough with their work to determine the general sentiment of the miners on the wage issue, it is known that the committee itself is divided into two groups.

It was said one group wants to go to the Jacksonville wage conference with demand for an increase of probably 10 percent to go in concessions from the operators on other points.

Others members of the committee, it is said, believe the miners will strengthen their hand by making a flat statement of the contract they will accept. This group would ask a renewal of the present contract.

It is believed a renewal of the present contract will, in the end, be satisfactory of practically all members of the committee.

The convention late yesterday extended its policy for nationalization of basic industry by adopting a resolution asking for eventual nationalization of railroads and coal mines. They had endorsed ownership of the mines at previous conventions, but it was the first time the railroads were included in the proposal.

John L. Lewis, international president, administered a second defeat to the radicals when he took the floor and secured approval of his action in removing the charter of Nova Scotia miners last year.

Lewis explained the charter was removed because the miners affiliated with the trade union movement of Soviet Russia and called an outlaw strike.

The convention approved recognition of the Soviet government, pro-

BUT BOK REFUSED TO TELL THEM ANYTHING!

Edward W. Bok (foreground) of Philadelphia, who offered \$100,000 for a practical peace plan, was called before a Senate committee to testify as to the amount of money he is spending in the interest of world peace. He refused to give the committee the information it wanted, contending it was a personal affair purely. Seated left to right: Senators Shipstead of Minnesota; Green of Vermont; Moses of New Hampshire; Reed of Missouri; and Canaway of Arkansas.

vided Russia agrees to pay her debts. The same resolution condemned Russian trade union methods.

Other resolutions called for a more cohesive labor movement in the United States, approved old age pensions, and congratulated Ramsey MacDonald, labor premier of England, on his succession to power.

MOVES LAW OFFICE

Samuel L. Traubue has moved his law office from the Cutter building in East Second street, to the Farmers Trust company building in North Main street.

SAYS HE LOANED FALL \$100,000

Continued from Page One
were reported as remaining in seclusion in their compartment, having their meals taken to them.

Secretary of the Navy Denby conferred with President Coolidge at the White House for fifteen minutes today, but would not admit he talked about Teapot Dome.

Denby refused to comment on the senate investigation beyond saying as far as he could see, no facts had been disclosed yet.

Denby has told friends within the past 24 hours that his conscience is easy on the naval oil leases and he

will not get into the matter unless drawn.

He testified before the senate committee some months ago that the leasing was a "detail" which he did not carefully investigate.

A report spread through the senate office building today that Fall had informed a senator "the full story of the \$100,000 would be told." This is the \$100,000 Fall said he got from E. B. McLean to buy a ranch, but which McLean later said Fall didn't use.

This report had it that Fall would say he obtained the money from a Democrat, seven months after the lease of Teapot Dome. The Democrat was not an oil man.

False, Says Sinclair

Paris, Jan. 24—Any charges before the senate Teapot Dome committee that Harry Sinclair paid former Secretary of the Interior Fall's ranch foreman \$68,000 "is false testimony" the oil millionaire said today.

As more complete details of the Roosevelt-Wahlberg testimony become available to Sinclair after his arrival here, he became somewhat more emphatic in his answers. Questioned particularly as to Archie Roosevelt's statement quoting C. D. Wahlberg as saying the latter had the cancelled checks for \$68,000 paid by Sinclair to Fall's ranch foreman, Sinclair said:

"I don't know anything about it. If Roosevelt testified in such a manner, it was dishonest testimony. I don't mean that Roosevelt testified dishonestly, you understand," he added, and then with a gesture of dismissal.

"The secret of the whole affair is that the Democratic national committee wants to get Fall."

Thursday Night Studies

The Rev. Gibson Wilson, pastor of the Presbyterian church, announces a series of Thursday night studies on "Personal Work," which begins tonight at the regular prayer meeting service, at 7:30 o'clock and any person who is interested will be welcome to the meetings.

He will take up such studies as Man's need of a Saviour, "The Work God has done for Men," "Man's Responsibility for Men," "Our Equipment for Work," "Successful Workers Who Hesitate," "The Spirit of a Successful Worker," and "How Christ Won Individuals."

FORT WAYNE LADYS SAYS TANLAC BROUGHT HER GOOD HEALTH

MRS. DOTTIE SNYDER

"From my heart I shall always bless the day I bought Tanlac for that was the move that meant health and happiness to me," states Mrs. Dottie Snyder, esteemed resident of 1302 North Harrison St., Fort Wayne, Ind.

"Eighteen months ago I was weak, nervous and rundown, so much so that my housework was burdensome and I could hardly sew, read or enjoy any social activities. My sleep was not restful, at times indigestion made me miserable, and headaches and dizziness also caused me distress."

"I certainly felt like rejoicing when Tanlac relieved my troubles. It increased my weight ten pounds, brought the color to my cheeks, and made me feel fine. To this day I have remained strong and well and I'm more delighted with Tanlac than ever."

Tanlac is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.

Take Tanlac Vegetable Pills.

On the Job

Former Senator Frank Kellogg, now ambassador to Great Britain from the United States, is shown here at his desk in London. He's on the job, folks!

13 Counties Trying To Be Rid Of Bovine Tuberculosis

Indianapolis, Ind., Jan. 24—Thirteen counties in the state are conducting campaigns for the eradication of bovine tuberculosis, according to Dr. W. B. Haskins, federal attaché of the Indiana Livestock Sanitary commission. Morgan county is the latest to join the ranks.

The Morgan county council has appropriated \$3,500 a year for the fighting of the disease in that county, Dr. Haskins said. A veterinary inspector will devote all of his time to this service in Morgan county.

GIVES WAY TO PROGRESS

Newcastle, Ind., Jan. 24—The last lively stable in Newcastle is being torn down to make way for a garage. There wasn't any business for the lively stable, which was built nearly sixty years ago.

WANT NATIONAL PARK IN EASTERN STATES

Several Bills For Funds For Locating a Park East of Mississippi Are Planned

MANY SITES FAVORABLE

Washington, Jan. 24—The proposal to establish a National Park in the east is receiving renewed consideration.

Several bills providing for funds and locations have been introduced in this session of congress. Senator Swanson of Virginia has a bill providing for the use of 5,000 acres centering about High Knob mountain, Virginia, to be known as Appalachian National Park.

Other bills would authorize the creation of a park of 15,000 acres in the Cumberland Gap region of Virginia. Kentucky and Tennessee, to be known as Lincoln National Park and the acquisition of the land including Mammoth Cave, Kentucky, to be known as Mammoth National Park.

"The Recommendation of Director of the National Park Service in his annual report that a section of the Appalachian Range be established as a national park has created widespread interest," said Secretary of the Interior Work, outlining the proposals under way.

"The existing National Park System is the finest in the world. In making any additional sites should be chosen that will be in every respect up to the standard, dignity and prestige of the existing National Parks and National Monuments. A thorough study therefore will be necessary before any definite conclusion can be reached."

ASKS \$5000 FOR BROKEN LEG

Muncie, Ind., Jan. 24—Edward Benbow, former Indiana Union Traction brakeman, has sued the company for \$5,000 because of a broken leg suffered three months ago when struck by a motorcycle as he was throwing a switch for the car. He declares he had been forced to work from 6:30 in the morning until 10 o'clock in the evening and was in such a dazed condition he was unable to dodge the motorcycle.

MANY SCHOOL CHILDREN ARE SICKLY

Mothers who value their own comfort and the welfare of their children, should never be without a box of Mother Gray's Sweet Powders for Children for use throughout the season. They Break up Colds, Regulate the Bowels, Relieve Feverishness, Constipation, Teething Disorders, Headache and Stomach Troubles. Used by Mothers for over 30 years. THESE POWDERS GIVE SATISFACTION. All Drug Stores. Don't accept any substitute. Trial Package sent FREE. Address Mother Gray Co., Le Roy, N. Y.

The Cost of a Car
is no measure of its value
These are the things to consider

THE cost of a car depends in large part on volume and efficiency. It is no criterion of value. Studebaker builds 150,000 fine cars yearly. All of them are Sixes. The main costs are divided by that enormous output. Thus at prices of \$975 and up we offer the utmost in quality. We offer maximum values. Don't judge these cars by prices. Under other conditions they might cost twice as much, yet offer less than these.

Some major costs
Quality cars require costly facilities. Studebaker has \$50,000,000 invested in modern plants and equipment. \$8,000,000 in drop forge plants alone. \$10,000,000 in body plants, to carry out the Studebaker standards. There are 12,500 up-to-date machines employed to build these cars. Some are enormously expensive. Few outputs justify such facilities. Then parts must be bought outside, and profits paid to others.

Studebaker engineering costs \$500,000 per year. That to us is \$3.33 per car. Our Department of Research and Experiment employs 125 skilled men. It makes 500,000 tests per year to maintain our standards. Our Bureau of Methods and Standards fixes the requirements for every part and detail. 12,000 inspections are necessary for each car to insure against flaws and mistakes. We employ 1,000 men to make them. Cars like the Studebakers cannot be built without such facilities, such research, such care. Yet enormous output alone makes them possible at Studebaker prices.

The best we know
Studebakers represent the best we know. And with our army of engineers, with our wealth of experience, we probably know what is best. We use 35 formulas for steels. Each is best suited to certain parts, as proved by years of tests. On some steels we pay the makers a bonus of 15% to get them exactly right. There is no room to excel us there.

We machine the entire surface of each crank shaft, as was done on Liberty Airplane Motors. That extra cost is heavy. But thus we get

ations, including 15 coats of paint and varnish. Open cars have real leather cushions. They cost, over imitation leather, about \$25 per car. No closed cars could be more luxurious. That lining of Chase Mohair is made from the soft fleece of Angora goats. A velour lining would save about two-thirds that cost—up to \$100 per car. Note how every detail denotes infinite care. That, as you know, is expensive.

Note the completeness of our larger models. The nickel-plated bumpers, extra disc wheels with cord tires, a steel trunk, a courtesy light. These are rare extras, even on the costliest cars.

Nothing is stinted
Compare part by part with any rival cars. Studebaker will show you some scores of advantages. Then consider Studebaker history. For 72 years this name has stood for quality. When people rode in carriages, Studebaker built the best. Now those same traditions are applied to motor cars alone.

Consider Studebaker records. Mark how these cars in service have multiplied demand, until people last year paid \$200,000,000 for Studebaker cars.

Consider their service records. One Studebaker car, built in 1918, has run 475,000 miles. It is still in active service. It lately made a mid-winter trip from Los Angeles to New York. That means 80 years of average service, of 6,000 miles per year. What more can you dream of in a motor car than the Studebakers offer?

Just Go and See
Studebaker is today the leader in the fine-car field. Studebaker builds more quality cars than any other concern in the world. Buyers of fine cars last year spent over \$200,000,000 for Studebaker models. The demand for Studebakers has almost trebled in three years—as people found them out. Then go see them. Compare them with any car you will. Don't spend \$1,000 or over without knowing what Studebaker offers. You owe that to yourself.

that perfect balance, that absence of vibration. We use more Timken bearings than any other car which costs under \$5,600. They cost considerably more than ball bearings. These facts apply to all Studebakers, of all styles and sizes. The materials used in all chassis are alike.

Beauty—Luxury—Finish
The Studebaker coach work has been famous for decades. No one can excel it. The finish is produced by 26 oper-

SENDS CONGRESS A SPECIAL MESSAGE

Coolidge States Economic Situation in Certain Wheat Growing Sections is Acute

GIVES RECOMMENDATIONS

Washington, Jan. 24—President Coolidge today sent congress a special message on the acute situation he said existed in the wheat growing sections of the north west.

"The economic situation in certain wheat growing sections of the north west is reaching an acute state, which requires organized cooperation on the part of the federal government and local institutions of that territory for its solution," the president said.

Mr. Coolidge recommended as remedial measures:

1—Refunding of "the pressing past due indebtedness of the farmer" in the territory most seriously affected.

2—Financial assistance through a federal agency to enable wheat farmers to make a change from a single crop system to diversified farming.

3—"Restoration wherever it would be helpful" of the impaired capital of banking institutions in the distressed sections.

4—"Creation by private capital of a substantial financing cooperation to assist in the plan of bank reorganization."

5—Extension until December 31, 1924, of the power of the whole finance cooperation to make loans. This power expires March 31.

The president pointed out some arrangements must be made that will insure money loaned by the government reaching the farmers and not be swallowed up immediately by their creditors, the banks.

AUTO EXPERT GIVES LECTURES EACH DAY

First of Series on Construction, Operation, Adjustments and Kindred Subjects Wednesday

TO CONTINUE REST OF WEEK

A free lecture course, touching upon every angle involved in an automobile, from operating it, construction, adjustments, ignition—in fact a detailed lecture on the complete mechanism, is being held each afternoon and evening this week at the Joe Clark garage, the first of the series having started Wednesday.

John Sink, an expert, is here for that purpose, and the public is invited to drop in during the afternoon or evenings and learn first hand information concerning an automobile.

He has before him at all times a Nash engine and complete chassis, with all working parts exposed under glass and electrically lighted so persons who haven't the slightest idea as to how an automobile is operated, can really see it in operation, and at the same time hear the expert teacher tell about the working conditions.

Professor Sink recently completed similar lectures at Purdue and Indiana universities and other colleges. These lectures begin each afternoon at 2:30 and at 7:30 at night, and the usual lecture will be given Saturday afternoon.

Wabash—The roof of the tabernacle where Dr. E. J. Bulfinch is conducting a campaign, which was crushed by a heavy snow fall, is being repaired.

Ice-Bound

The city of Hamburg, Germany, is ice-bound these days. Vessels have little or no chance to get away once these powerful ice blocks wedge them in. Shipping has almost come to a standstill, so far as this port is concerned.

PROBABLE CONVENTION SITE

This is famous Madison Square Garden, New York City, where the Democratic National Convention probably will be held in June of this year. It was erected in 1889, designed by Stanford White, the famous architect who was killed on the roof-garden of the building by Harry K. Thaw. In 1920 Tex Rickard took over the building and used it for sport promotions. Seating capacity is 14,000, but plans now are being made whereby it is hoped to increase that figure to 20,000.

Y. M. C. A. TO HOLD MEETING; ANNOUNCES HIS CANDIDACY

Complete Arrangements for 53rd Convention at Newcastle.

Indianapolis, Ind., Jan. 23—C. A. Tevebaugh, Indianapolis, state secretary of the Y. M. C. A. is completing arrangements for the 53rd annual convention of the association at Newcastle Friday, Saturday and Sunday.

Indianapolis will be represented by a large number of workers.

The sessions will open with a dinner Friday night at which Dr. John C. Acheson of Danville, Ky., will speak on "The Extent and Efficiency of the Y. M. C. A."

The annual business meeting will be held Saturday. Convention speakers will occupy pulpits in the Newcastle churches Sunday.

Laporte—Five children of Mr. and Mrs. Ernest Kose, who were found living with their parents in a tent near here during the recent cold weather, were placed under supervision of the local board of children's guardians.

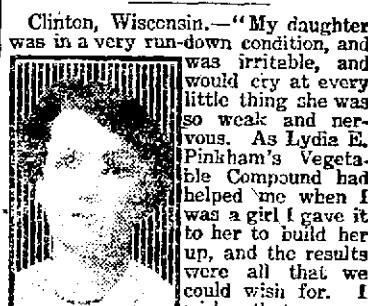

Princess

Princess Zeineb, wife of the new minister from Egypt. His Excellency Youssry Pasha, is the newest member of Washington's fashionable set.

MY DAUGHTER WOULD CRY AT EVERYTHING

Nervous and Irritable. By Taking Lydia E. Pinkham's Vegetable Compound Became Entirely Normal

Clinton, Wisconsin.—"My daughter was in a very run-down condition, and was irritable, and would cry at every little thing she was so weak and nervous. As Lydia E. Pinkham's Vegetable Compound had helped me when I was a girl I gave it to her to build her up, and the results were all that we could wish for. I wish that every mother with growing girls would try it for these troubles girls often have. I had taken it myself before my girl was born, and she was one of the nicest babies any one could wish to have. I recommend the Vegetable Compound to women and girls and cannot praise it too highly." — Mrs. I. A. HOLFORD, Box 18, Clinton, Wisconsin.

Mothers can depend upon Lydia E. Pinkham's Vegetable Compound to relieve their daughters of those troubles they so often have. They know from experience the value of the Vegetable Compound in the treatment of these complaints and many, like Mrs. Holford, give it to their daughters.

Richard Barthelmess At Princess

A cuirass of the days of Cromwell is worn by Richard Barthelmess in his latest starring vehicle, John S. Robertson's production, "The Fighting Blade," a First National picture which the Princess theatre is presenting today.

The cuirass is one which was worn by a soldier in Oliver Cromwell's army when the Protector ruled England. It weighs ten pounds and is fashioned of the best Spanish steel. England, now a manufacturer of fine steel, was in those days dependent on other countries, notably Spain, for implements of warfare; and the Spaniards made the best blades and the best armor of that period. The cuirass is the property of an American collector who exhibited it for a time at the Metropolitan Museum of Art. It shows dents and marks that indicate that its wearer in the 17th century no doubt owed his life in many instances to its toughness. This piece of armor encases the torso on-

ly. The arms and shoulders are free.

"The Fighting Blade" is a romance of the Cromwellian era. It depicts the daring exploits of a dashing Flemish soldier of fortune, the most famous duelist of his day, who came to England to avenge the death of his sister, and remained to join the Roundheads under Cromwell in the historic rebellion that paved the way for popular government in England.

The production is said to be the most pretentious starring vehicle Richard Barthelmess has had, and one of the most significant pictures in the present era of bigger and better pictures.

Barthelmess plays the role of the Flemish soldier of fortune. His excellent supporting cast includes Dorothy Baker, Mackaill, Morgan Wallace, Lee Baker, Frederick Burton, Stuart Sage, Ailyn King and others.

GLENWOOD

Edward McClannahan of Chicago was a guest over Friday night of Mr. and Mrs. D. Z. Williams.

Miss Gladys Addison spent the week-end with her parents at Carthage.

The NEW ESSEX A SIX

Built by Hudson Under Hudson Patents

The smoothness and long life for which Hudson is famous is now shared by Essex. It is an important advantage to bear in mind.

So also is the fact that the Essex "Six" possesses other notable Hudson qualities. It has the same type clutch, the same axles, the same provisions for long life and easy care of all working parts. Essex reliability is retained. Essex economy of fuel, oil and tires is greatly enhanced.

We ask this test—take a ride.

You will enjoy it—that's certain. See how handling is simplified. Starts at the touch of your toe. Steers easily as a bicycle. And how easy gears shift. Easy to park too. Its low center of gravity makes safe and comfortable driving on all roads at all speeds.

Simple to keep in first class condition. Requires little attention. Lubrication for the most part is done with an oil can.

You, too, will say: "the New Essex provides ideal transportation."

A 30 Minute Ride Will Win You
